TITLE VII—PHYSICAL EDUCATION FOR PROGRESS ACT

SEC. 701. PHYSICAL EDUCATION FOR PROGRESS. Title X of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 8001 et seq.) is amended by adding at the end the following:

“PART L—PHYSICAL EDUCATION FOR PROGRESS

“SEC. 10999A. SHORT TITLE.

“This part may be cited as the ‘Physical Education for Progress Act’.

“SEC. 10999B. PURPOSE.

“The purpose of this part is to award grants and contracts to local educational agencies to enable the local educational agencies to initiate, expand and improve physical education programs for all kindergarten through 12th grade students.

“SEC. 10999C. FINDINGS.

“Congress makes the following findings:

“(1) Physical education is essential to the development of growing children.

“(2) Physical education helps improve the overall health of children by improving their cardiovascular endurance, muscular strength and power, and flexibility, and by enhancing weight regulation, bone development, posture, skillful moving, active lifestyle habits, and constructive use of leisure time.

“(3) Physical education helps improve the self esteem, interpersonal relationships, responsible behavior, and independence of children.

“(4) Children who participate in high quality daily physical education programs tend to be more healthy and physically fit.

“(5) The percentage of young people who are overweight has more than doubled in the 30 years preceding 1999.

“(6) Low levels of activity contribute to the high prevalence of obesity among children in the United States.

“(7) Obesity related diseases cost the United States economy more than \$100,000,000,000 every year.

“(8) Inactivity and poor diet cause at least 300,000 deaths a year in the United States.

“(9) Physically fit adults have significantly reduced risk factors for heart attacks and stroke.

“(10) Children are not as active as they should be and fewer than one in four children get 20 minutes of vigorous activity every day of the week.

“(11) The Surgeon General’s 1996 Report on Physical Activity and Health, and the Centers for Disease Control and Prevention, recommend daily physical education for all students in kindergarten through grade 12.

“(12) Twelve years after Congress passed House Concurrent Resolution 97, 100th Congress, agreed to December 11, 1987, encouraging State and local governments and local educational agencies to provide high quality daily physical education programs for all children in kindergarten through grade 12, little progress has been made.

“(13) Every student in our Nation’s schools, from kindergarten through grade 12, should have the opportunity to participate in quality physical education. It is the unique role of quality physical education programs to develop the health-related fitness, physical competence, and cognitive understanding about physical activity for all students so that the students can adopt healthy and physically active lifestyles.

“SEC. 10999D. PROGRAM AUTHORIZED.

“The Secretary is authorized to award grants to, and enter into contracts with, local educational agencies to pay the Federal share of the costs of initiating, expanding, and improving physical education programs for kindergarten through grade 12 students by—

“(1) providing equipment and support to enable students to actively participate in physical education activities; and

“(2) providing funds for staff and teacher training and education.

“SEC. 10999E. APPLICATIONS; PROGRAM ELEMENTS.

“(a) APPLICATIONS.—Each local educational agency desiring a grant or contract under this part shall submit to the Secretary an application that contains a plan to initiate, expand, or improve physical education programs in the schools served by the agency in order to make progress toward meeting State standards for physical education.

“(b) PROGRAM ELEMENTS.—A physical education program described in any application submitted under subsection (a) may provide—

“(1) fitness education and assessment to help children understand, improve, or maintain their physical well-being;

“(2) instruction in a variety of motor skills and physical activities designed to enhance the physical, mental, and social or emotional development of every child;

“(3) development of cognitive concepts about motor skill and physical fitness that support a lifelong healthy lifestyle;

“(4) opportunities to develop positive social and cooperative skills through physical activity participation;

“(5) instruction in healthy eating habits and good nutrition; and

“(6) teachers of physical education the opportunity for professional development to stay abreast of the latest research, issues, and trends in the field of physical education.

“(c) SPECIAL RULE.—For the purpose of this part, extracurricular activities such as team sports and Reserve Officers’ Training Corps (ROTC) program activities shall not be considered as part of the curriculum of a physical education program assisted under this part.

“SEC. 10999F. PROPORTIONALITY.

“The Secretary shall ensure that grants awarded and contracts entered into under this part shall be equitably distributed between local educational agencies serving urban and rural areas, and between local educational agencies serving large and small numbers of students.

“SEC. 10999G. PRIVATE SCHOOL STUDENTS AND HOME-SCHOOLED STUDENTS.

“An application for funds under this part may provide for the participation, in the activities funded under this part, of—

“(1) home-schooled children, and their parents and teachers; or

“(2) children enrolled in private nonprofit elementary schools or secondary schools, and their parents and teachers.

“SEC. 10999H. REPORT REQUIRED FOR CONTINUED FUNDING.

“As a condition to continue to receive grant or contract funding after the first year of a multiyear grant or contract under this part, the administrator of the grant or contract for the local educational agency shall submit to the Secretary an annual report that describes the activities conducted during the preceding year and demonstrates that progress has been made toward meeting State standards for physical education.

“SEC. 10999I. REPORT TO CONGRESS.

“The Secretary shall submit a report to Congress not later than June 1, 2003, that describes the programs assisted under

this part, documents the success of such programs in improving physical fitness, and makes such recommendations as the Secretary determines appropriate for the continuation and improvement of the programs assisted under this part.

“SEC. 10999J. ADMINISTRATIVE COSTS.

“Not more than 5 percent of the grant or contract funds made available to a local educational agency under this part for any fiscal year may be used for administrative costs.

“SEC. 10999K. FEDERAL SHARE; SUPPLEMENT NOT SUPPLANT.

“(a) FEDERAL SHARE.—The Federal share under this part may not exceed—

“(1) 90 percent of the total cost of a project for the first year for which the project receives assistance under this part; and

“(2) 75 percent of such cost for the second and each subsequent such year.

“(b) SUPPLEMENT NOT SUPPLANT.—Funds made available under this part shall be used to supplement and not supplant other Federal, State and local funds available for physical education activities.

“SEC. 10999L. AUTHORIZATION OF APPROPRIATIONS.

“There are authorized to be appropriated \$30,000,000 for fiscal year 2001, \$70,000,000 for fiscal year 2002, and \$100,000,000 for each of the fiscal years 2003 through 2005, to carry out this part. Such funds shall remain available until expended.”.

TITLE VIII—EARLY LEARNING OPPORTUNITIES

SEC. 801. SHORT TITLE; FINDINGS.

(a) SHORT TITLE.—This title may be cited as the “Early Learning Opportunities Act”.

(b) FINDINGS.—Congress finds that—

(1) medical research demonstrates that adequate stimulation of a young child’s brain between birth and age 5 is critical to the physical development of the young child’s brain;

(2) parents are the most significant and effective teachers of their children, and they alone are responsible for choosing the best early learning opportunities for their child;

(3) parent education and parent involvement are critical to the success of any early learning program or activity;

(4) the more intensively parents are involved in their child’s early learning, the greater the cognitive and noncognitive benefits to their children;

(5) many parents have difficulty finding the information and support the parents seek to help their children grow to their full potential;

(6) each day approximately 13,000,000 young children, including 6,000,000 infants or toddlers, spend some or all of their day being cared for by someone other than their parents;

(7) quality early learning programs, including those designed to promote effective parenting, can increase the literacy rate, the secondary school graduation rate, the employment rate, and the college enrollment rate for children who have participated in voluntary early learning programs and activities;

(8) early childhood interventions can yield substantial advantages to participants in terms of emotional and cognitive development, education, economic well-being, and health, with the latter two advantages applying to the children's families as well;

(9) participation in quality early learning programs, including those designed to promote effective parenting, can decrease the future incidence of teenage pregnancy, welfare dependency, at-risk behaviors, and juvenile delinquency for children;

(10) several cost-benefit analysis studies indicate that for each \$1 invested in quality early learning programs, the Federal Government can save over \$5 by reducing the number of children and families who participate in Federal Government programs like special education and welfare;

(11) for children placed in the care of others during the workday, the low salaries paid to the child care staff, the lack of career progression for the staff, and the lack of child development specialists involved in early learning and child care programs, make it difficult to attract and retain the quality of staff necessary for a positive early learning experience;

(12) Federal Government support for early learning has primarily focused on out-of-home care programs like those established under the Head Start Act, the Child Care and Development Block Grant of 1990, and part C of the Individuals with Disabilities Education Act, and these programs—

(A) serve far fewer than half of all eligible children;

(B) are not primarily designed to provide support for parents who care for their young children in the home; and

(C) lack a means of coordinating early learning opportunities in each community; and

(13) by helping communities increase, expand, and better coordinate early learning opportunities for children and their families, the productivity and creativity of future generations will be improved, and the Nation will be prepared for continued leadership in the 21st century.

SEC. 802. PURPOSES.

The purposes of this title are—

(1) to increase the availability of voluntary programs, services, and activities that support early childhood development, increase parent effectiveness, and promote the learning readiness of young children so that young children enter school ready to learn;

(2) scientists should closely research and analyze all possible factors relating to such decline, including the possible interactions between commercial fishing and Steller sea lions and the localized depletion hypothesis;

(3) the authority to manage commercial fisheries in Federal waters lies with the regional councils and the Secretary of Commerce (hereafter in this section “Secretary”) pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (hereafter in this section “Magnuson-Stevens Act”); and

(4) the Secretary of Commerce shall comply with the Magnuson-Stevens Act when using fishery management plans and regulations to implement the decisions made pursuant to findings under the Endangered Species Act, and shall utilize the processes and procedures of the regional fishery management councils as required by the Magnuson-Stevens Act.

(b) INDEPENDENT SCIENTIFIC REVIEW.—The North Pacific Fishery Management Council (hereafter in this section “North Pacific Council”) shall utilize the expertise of the National Academy of Sciences to conduct an independent scientific review of the November 30, 2000 Biological Opinion for the Bering Sea/Aleutian Islands and Gulf of Alaska groundfish fisheries (hereafter in this section “Biological Opinion”), its underlying hypothesis, and the Reasonable and Prudent Alternatives (hereafter in this section “Alternatives”) contained therein. The Secretary shall cooperate with the independent scientific review, and the National Academy of Sciences is requested to give its highest priority to this review.

(2) The Bering Sea/Aleutian Islands and Gulf of Alaska groundfish fisheries shall be managed in a manner consistent with the Alternatives contained in the Biological Opinion, except as otherwise provided in this section. The Alternatives shall become fully effective no later than January 1, 2002, as revised if necessary and appropriate based on the independent scientific review referred to in subsection (b) and other new information, and shall be phased in in 2001 as described in paragraph (3).

(3) The 2001 Bering Sea/Aleutian Islands and Gulf of Alaska groundfish fisheries shall be managed in accordance with the fishery management plan and Federal regulations in effect for such fisheries prior to July 15, 2000, including—

(6) In enforcing regulations for the 2001 fisheries, the Secretary, upon recommendation of the North Pacific Council, may open critical habitat where needed, adjust seasonal catch levels, and take other measures as needed to ensure that harvest levels are sufficient to provide income from these fisheries for small boats and Alaskan on-shore processors that is no less than in 1999.

(7) The regulations that are promulgated pursuant to paragraph (4) shall not be modified in any way other than upon recommendation of the North Pacific Council, before March 15, 2001.

in equipment, by doctrinal changes, and by Force XXI doctrinal experimentation requirements.

(3) The lands being considered for expansion of the National Training Center are home to the desert tortoise and other species that are protected under the Endangered Species Act of 1973, and the Secretary of Defense and the Secretary of the Interior, in developing a plan for expansion of the National Training Center, must provide for such expansion in a manner that complies with the Endangered Species Act of 1973, the National Environmental Policy Act of 1969, and other applicable laws.

(4) In order for the expansion of the National Training Center to be implemented on an expedited basis, the Secretaries should proceed without delay to define with specificity the key elements of the expansion plan, including obtaining early input regarding national security requirements, Endangered Species Act of 1973 compliance and mitigation, and National Environmental Policy Act of 1969 compliance.

(b) PURPOSE.—The purpose of this section is to expedite the expansion of the National Training Center at Fort Irwin, California, in a manner that is fully compliant with environmental laws.

(c) PREPARATION OF PROPOSED EXPANSION PLAN.—

(1) PREPARATION REQUIRED.—The Secretary of the Army and the Secretary of the Interior (in this section referred to as the “Secretaries”) shall jointly prepare a proposed plan for the expansion of the National Training Center at Fort Irwin, California.

(2) SUBMISSION AND AVAILABILITY.—The plan required by paragraph (1) (in this section referred to as the “proposed expansion plan”) shall be completed not later than 120 days after the date of the enactment of this Act. When completed, the Secretaries shall make the proposed expansion plan available to the public and shall publish in the Federal Register a “notice of availability” concerning the proposed expansion plan.

(d) KEY ELEMENTS OF PROPOSED EXPANSION PLAN.—

(1) JOINT REPORT.—Not later than 45 days after the date of the enactment of this Act, the Secretaries shall submit to Congress a joint report that identifies the key elements of the proposed expansion plan.

(2) LANDS WITHDRAWAL AND RESERVATION.—The proposed expansion plan shall include the withdrawal and reservation of an appropriate amount of public lands for—

(A) the conduct of combined arms military training at the National Training Center;

(B) the development and testing of military equipment at the National Training Center;

(C) other defense-related purposes; and

(D) conservation and research purposes.

(3) CONSERVATION MEASURES.—The proposed expansion plan shall also include a general description of conservation measures, anticipated to cost approximately \$75,000,000, that may be necessary and appropriate to protect and promote the conservation of the desert tortoise and other endangered or threatened species and their critical habitats in designated wildlife management areas in the West Mojave Desert. The conservation measures may include—

(A) the establishment of one or more research natural areas, which may include lands both within and outside the National Training Center;

(B) the acquisition of private and State lands within the wildlife management areas in the West Mojave Desert;

(C) the construction of barriers, fences, and other structures that would promote the conservation of endangered or threatened species and their critical habitats;

(D) the funding of research studies; and

(E) other conservation measures.

(d) PRELIMINARY REVIEW OF EXPANSION PLAN.—

(1) REVIEW REQUIRED.—Not later than 90 days after the date of the enactment of this Act, the Director of the United States Fish and Wildlife Service shall submit to the Secretaries a preliminary review of the proposed expansion plan (as developed as of that date). In the preliminary review, the Director shall identify, with as much specificity as possible, an approach for implementing the proposed expansion plan consistent with the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.).

(2) RELATION TO FORMAL REVIEW.—The preliminary review under paragraph (1) shall not constitute a formal consultation under section 7 of the Endangered Species Act of 1973 (16 U.S.C. 1536), but shall be used to assist the Secretaries in more precisely defining the nature and scope of an expansion plan for the National Training Center that is likely to satisfy requirements of the Endangered Species Act of 1973 and to expedite the formal consultation process under section 7 of such Act.

(3) CONSIDERATION OF PRELIMINARY REVIEW.—In preparing the proposed expansion plan, the Secretaries shall take into account the content of the preliminary review by the Director of the United States Fish and Wildlife Service under paragraph (1).

(e) DRAFT LEGISLATION.—The Secretaries shall submit to Congress with the proposed expansion plan a draft of proposed legislation providing for the withdrawal and reservation of public lands for the expansion of the National Training Center. It is the sense of the Congress that the proposed legislation should contain a provision that, if enacted, would prohibit ground-disturbing military use of the land to be withdrawn and reserved by the legislation until the Secretaries have certified that there has been full compliance with the appropriate provisions of the legislation, the Endangered Species Act of 1973, the National Environmental Policy Act of 1969, and other applicable laws.

(f) CONSULTATION UNDER ENDANGERED SPECIES ACT OF 1973.—The Secretaries shall initiate the formal consultation required under section 7 of the Endangered Species Act of 1973 (16 U.S.C. 1536) with respect to expansion of the National Training Center as soon as practicable and shall complete such consultation not later than 2 years after the date of the enactment of this Act.

(g) ENVIRONMENTAL REVIEW.—Not later than 6 months following completion of the formal consultation required under section 7 of the Endangered Species Act of 1973 with respect to expansion of the National Training Center, the Secretaries shall complete any analysis required under the National Environmental Policy Act of 1969 with respect to the proposed expansion of the National Training Center. The analysis shall be coordinated, to the extent

practicable and appropriate, with the review of the West Mojave Coordinated Management Plan that, as of the date of the enactment of this Act, is being undertaken by the Bureau of Land Management.

(h) FUNDING.—

(1) IMPLEMENTATION OF CONSERVATION MEASURES.—There are authorized to be appropriated \$75,000,000 to the Secretary of the Army for the implementation of conservation measures necessary for the final expansion plan for the National Training Center to comply with the Endangered Species Act of 1973.

(2) IMPLEMENTATION OF SECTION.—The amounts of \$2,500,000 for “Operation and Maintenance, Army” and \$2,500,000 for “Management of Lands and Resources, Bureau of Land Management” are hereby appropriated to the Secretary of the Army and the Secretary of the Interior, respectively, only to undertake and complete on an expedited basis the activities specified in this section.

In implementing the program the Secretary shall—

(A) reduce the fishing capacity in the BSAI crab fisheries by permanently reducing the number of license limitation program crab licenses;

(B) permanently revoke all fishery licenses, fishery permits, area and species endorsements, and any other fishery privileges, for all fisheries subject to the jurisdiction of the United States, issued to a vessel or vessels (or to persons on the basis of their operation or ownership of that vessel or vessels) for which a BSAI crab fisheries reduction permit is surrendered and revoked under section 6011(b) of title 50, Code of Federal Regulations;

(C) ensure that the Secretary of Transportation is notified of each vessel for which a reduction permit is surrendered and revoked under the program, with a request that such Secretary permanently revoke the fishery endorsement of each such vessel and refuse permission to transfer any such vessel to a foreign flag under paragraph (5);

(D) ensure that vessels removed from the BSAI crab fisheries under the program are made permanently ineligible to participate in any fishery worldwide, and that the owners of such vessels contractually agree that such vessels will operate only under the United States flag or be scrapped as a reduction vessel pursuant to section 600.1011(c) of title 50, Code of Federal Regulations;

(E) ensure that vessels removed from the BSAI crab fisheries, the owners of such vessels, and the holders of fishery permits for such vessels forever relinquish any claim associated with such vessel, permits, and any catch history associated with such vessel or permits that could qualify such vessel, vessel owner, or permit holder for any present or future limited access system fishing permits in the United States fisheries based on such vessel, permits, or catch history;

(F) not include the purchase of Norton Sound red king crab or Norton Sound blue king crab endorsements in the program, though any such endorsements associated with a reduction permit or vessel made ineligible or scrapped under the program shall also be surrendered and revoked as if surrendered and revoked pursuant to section 600.1011(b) of title 50, Code of Federal Regulations;

(G) seek to obtain the maximum sustained reduction in fishing capacity at the least cost by establishing bidding procedures that—

(i) assign a bid score to each bid by dividing the price bid for each reduction permit by the total value of the crab landed in the most recent 5-year period in each crab fishery from 1990 through 1999 under that permit, with the value for each year determined by multiplying the average price per pound published by the State of Alaska in each year for each crab fishery included in such reduction permit by the total pounds landed in each crab fishery under that permit in that year; and

(ii) use a reverse auction in which the lowest bid score ranks first, followed by each bid with the next lowest bid score, until the total bid amount of all bids equals a reduction cost that the next lowest bid would cause to exceed \$100,000,000;

(H) not waive or otherwise make inapplicable any requirements of the License Limitation Program applicable to such crab fisheries, in particular any requirements in sections 679.4(k) and (l) of title 50, Code of Federal Regulations;

(I) not waive or otherwise make inapplicable any catcher vessel sideboards implemented under the American Fisheries Act (AFA), except that the North Pacific Fishery Management Council shall recommend to the Secretary and to the State of Alaska, not later than February 16, 2001, and the Secretary and the State of Alaska shall implement as appropriate, modifications to such sideboards to the extent necessary to permit AFA catcher vessels that remain in the crab fisheries to share proportionately in any increase in crab harvest opportunities that accrue to all remaining AFA and non-AFA catcher vessels if the fishing capacity reduction program required by this section is implemented;

(J) establish sub-amounts and repayment fees for each BSAI crab fishery prosecuted under a separate endorsement for repayment of the reduction loan, such that—

(i) a reduction loan sub-amount is established for each separate BSAI crab fishery (other than Norton Sound red king crab or Norton Sound blue king crab) by dividing the total value of the crab landed in that fishery under all reduction permits by the total value of all crab landed under such permits in the BSAI crab fisheries (determined using the same average prices and years used under subparagraph (G)(i) of this paragraph), and multiplying the reduction loan amount by the percentage expressed by such ratio; and

(ii) fish sellers who participate in the crab fishery under each endorsement repay the reduction loan sub-amount attributable to that fishery; and

(K) notwithstanding section 1111(b) of the Merchant Marine Act, 1936 (46 U.S.C. App. 1279f(b)(4)), establish a repayment period for the reduction loan of not less than 30 years.

(2)(A) Only persons to whom a non-interim BSAI crab license and an area/species endorsement have been issued (other than persons to whom only a license and an area/species endorsement for Norton Sound red king crab or Norton Sound blue king crab have been issued) for vessels that—

(i) qualify under the License Limitation Program criteria set forth in section 679.4 of title 50, Code of Federal Regulations, and

(ii) have made at least one landing of BSAI crab in either 1996, 1997, or prior to February 7 in 1998, may submit a bid in the fishing capacity reduction program established by this section.

(B) After the date of enactment of this section—

(i) no vessel 60 feet or greater in length overall may participate in any BSAI crab fishery (other than for Norton Sound red king crab or Norton Sound blue king crab) unless such vessel meets the requirements set forth in subparagraphs (A)(i) and (A)(ii) of this paragraph; and

(ii) no vessel between 33 and 60 feet in length overall may participate in any BSAI crab fishery (other than for Norton Sound red king crab or Norton Sound blue king crab) unless such vessel meets the requirements set forth in subparagraph (A)(i) of this paragraph. Nothing in this paragraph shall be construed to affect the requirements for participation in the fisheries for Norton Sound red king crab or Norton Sound blue king crab. The Secretary may, on a case by case basis and after notice and opportunity for public comment, waive the application of subparagraph (A)(ii) of this paragraph if the Secretary determines such waiver is necessary to implement one of the specific exemptions to the recent participation requirement that were recommended by the North Pacific Fishery Management Council in the record of its October, 1998 meeting.

(3) The fishing capacity reduction program required under this subsection shall be implemented under this subsection and sections 312(b)–(e) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1861a(b)–(e)). Section 312 and the regulations found in Subpart L of Part 600 of title 50, Code of Federal Regulations, shall apply only to the extent such section or regulations are not inconsistent with or made inapplicable by the specific provisions of this subsection. The program shall be deemed accepted under section 600.1004, and any time period specified in Subpart L that would prevent the Secretary from complying with the May 1, 2001 date required by this subsection shall be modified as appropriate to permit compliance with that date. The referendum required for the program under this subsection shall be a post-bidding referendum under section 600.1010 of title 50, Code of Federal Regulations.

(4)(A) The fishing capacity reduction program required under this subsection is authorized to be financed in equal parts through a reduction loan of \$50,000,000 under sections 1111 and 1112 of title XI of the Merchant Marine Act, 1936 (46 U.S.C. App. 1279f and 1279g) and \$50,000,000 which is authorized to be appropriated for the purposes of such program.

(B) Of the \$1,000,000 appropriated in section 120 of division A of Public Law 105–277 for the cost of a direct loan in the Bering Sea and Aleutian Islands crab fisheries—

(i) \$500,000 shall be for the cost of guaranteeing the reduction loan required under subparagraph (A) of this paragraph in accordance with the requirements of the Federal Credit Reform Act; and

(ii) \$500,000 shall be available to the Secretary to pay for the cost of implementing the fishing capacity reduction program required by this subsection.

(C) The funds described in this subsection shall remain available, without fiscal year limitation, until expended. Any funds not used for the fishing capacity reduction program required by this subsection, whether due to a rejection by referendum or otherwise, shall be available on or after October 15, 2002, without fiscal year limitation, for assistance to fishermen or fishing communities.

(5)(A) The Secretary of Transportation shall, upon notification and request by the Secretary, for each vessel identified in such notification and request—

SEC. 146. (a) Congress makes the following findings:

(1) Total steel imports in 2000 will be over 2½ times higher than in 1991, continuing the alarming trend of sharply increasing steel imports over the past decade.

(2) Unprecedented levels of steel imports flooded the United States market in 1998 and 1999, causing a crisis in which thousands of steelworkers were laid off and six steel companies went bankrupt.

(3) The domestic steel industry still has not had an opportunity to recover from the 1998–1999 steel import crisis, and steel imports are again causing serious injury to United States steel producers and workers.

(4) Total steel imports through August 2000 are 17 percent higher than over the same period in 1999 and greater even than imports over the same period in 1998, a record year.

(5) Steel prices continue to be depressed, with hot-rolled steel prices 12 percent lower in August 2000 than in the first quarter of 1998, and average import customs values for all steel products more than 15 percent lower over the same period.

(6) The United States Government must maintain and fully enforce all existing relief against foreign unfair trade.

(7) The United States steel industry is a clean, highly efficient industry having modernized itself at great human and financial cost, shedding over 330,000 jobs and investing more than \$50,000,000,000 over the last 20 years.

(8) Capacity utilization in the United States steel industry has fallen sharply since the beginning of the year and the market capitalization and debt ratings of the major United States steel firms are at precarious levels.

(9) The Department of Commerce recently documented the underlying market-distorting practices and longstanding structural problems that plague the global steel trade with excess capacity and cause diversion of unfairly traded foreign steel to the United States.

(10) The President recognized that unfair trade played a significant role in the devastating import surge of steel and recognized the need to vigorously enforce the trade laws.

(b) Congress calls upon the President—

(1) to take all appropriate action within his power to provide relief from injury caused by steel imports; and

(2) to immediately request the United States International Trade Commission to commence an expedited investigation for positive adjustment under section 201 of the Trade Act of 1974 of such steel imports.

TITLE III—COLORADO UTE SETTLEMENT ACT AMENDMENTS OF 2000

SEC. 301. SHORT TITLE; FINDINGS; DEFINITIONS.

(a) SHORT TITLE.—This title may be cited as the “Colorado Ute Settlement Act Amendments of 2000”.

(b) FINDINGS.—Congress makes the following findings:

(1) In order to provide for a full and final settlement of the claims of the Colorado Ute Indian Tribes on the Animas and La Plata Rivers, the Tribes, the State of Colorado, and certain of the non-Indian parties to the Agreement have proposed certain modifications to the Colorado Ute Indian Water Rights Settlement Act of 1988 (Public Law 100–585; 102 Stat. 2973).

(2) The claims of the Colorado Ute Indian Tribes on all rivers in Colorado other than the Animas and La Plata Rivers have been settled in accordance with the provisions of the Colorado Ute Indian Water Rights Settlement Act of 1988 (Public Law 100–585; 102 Stat. 2973).

(3) The Indian and non-Indian communities of southwest Colorado and northwest New Mexico will be benefited by a settlement of the tribal claims on the Animas and La Plata Rivers that provides the Tribes with a firm water supply without taking water away from existing uses.

(4) The Agreement contemplated a specific timetable for the delivery of irrigation and municipal and industrial water

and other benefits to the Tribes from the Animas-La Plata Project, which timetable has not been met. The provision of irrigation water can not presently be satisfied under the current implementation of the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.) and the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.).

(5) In order to meet the requirements of the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.), and in particular the various biological opinions issued by the Fish and Wildlife Service, the amendments made by this title are needed to provide for a significant reduction in the facilities and water supply contemplated under the Agreement.

(6) The substitute benefits provided to the Tribes under the amendments made by this title, including the waiver of capital costs and the provisions of funds for natural resource enhancement, result in a settlement that provides the Tribes with benefits that are equivalent to those that the Tribes would have received under the Colorado Ute Indian Water Rights Settlement Act of 1988 (Public Law 100-585; 102 Stat. 2973).

(7) The requirement that the Secretary of the Interior comply with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and other national environmental laws before implementing the proposed settlement will ensure that the satisfaction of the tribal water rights is accomplished in an environmentally responsible fashion.

(8) In considering the full range of alternatives for satisfying the water rights claims of the Southern Ute Indian Tribe and Ute Mountain Ute Indian Tribe, Congress has held numerous legislative hearings and deliberations, and reviewed the considerable record including the following documents:

(A) The Final EIS No. INT-FES-80-18, dated July 1, 1980.

(B) The Draft Supplement to the FES No. INT-DES-92-41, dated October 13, 1992.

(C) The Final Supplemental to the FES No. 96-23, dated April 26, 1996;

(D) The Draft Supplemental EIS, dated January 14, 2000.

(E) The Final Supplemental EIS, dated July 2000.

(F) The Record of Decision for the Settlement of the Colorado Ute Indian Waters, September 25, 2000.

(9) In the Record of Decision referred to in paragraph (8)(F), the Secretary determined that the preferred alternative could only proceed if Congress amended the Colorado Ute Indian Water Rights Settlement Act of 1988 (Public Law 100-585; 102 Stat. 2973) so as to satisfy the Tribal water rights claim through the construction of the features authorized by this title. The amendments to the Colorado Ute Indian Water Rights Settlement Act of 1988 set forth in this title will provide the Ute Tribes with substitute benefits equivalent to those that the Tribes would have received under the Colorado Ute Indian Water Rights Settlement Act of 1988, in a manner consistent with paragraph (8) and the Federal Government's trust obligation.

(10) Based upon paragraph (8), it is the intent of Congress to enact legislation that implements the Record of Decision referred to in paragraph (8)(F).

(c) DEFINITIONS.—In this title:

(1) AGREEMENT.—The term “Agreement” has the meaning given that term in section 3(1) of the Colorado Ute Indian Water Rights Settlement Act of 1988 (Public Law 100-585; 102 Stat. 2973).

(2) ANIMAS-LA PLATA PROJECT.—The term “Animas-La Plata Project” has the meaning given that term in section 3(2) of the Colorado Ute Indian Water Rights Settlement Act of 1988 (Public Law 100-585; 102 Stat. 2973).

(3) DOLORES PROJECT.—The term “Dolores Project” has the meaning given that term in section 3(3) of the Colorado Ute Indian Water Rights Settlement Act of 1988 (Public Law 100-585; 102 Stat. 2974).

(4) TRIBE; TRIBES.—The term “Tribe” or “Tribes” has the meaning given that term in section 3(6) of the Colorado Ute Indian Water Rights Settlement Act of 1988 (Public Law 100-585; 102 Stat. 2974).

SEC. 302. AMENDMENTS TO SECTION 6 OF THE COLORADO UTE INDIAN WATER RIGHTS SETTLEMENT ACT OF 1988.

Subsection (a) of section 6 of the Colorado Ute Indian Water Rights Settlement Act of 1988 (Public Law 100-585; 102 Stat. 2975) is amended to read as follows:

“(a) RESERVOIR; MUNICIPAL AND INDUSTRIAL WATER.—

“(1) FACILITIES.—

“(A) IN GENERAL.—After the date of enactment of this subsection, but prior to January 1, 2005, or the date established in the Amended Final Decree described in section 18(c), the Secretary, in order to settle the outstanding claims of the Tribes on the Animas and La Plata Rivers, acting through the Bureau of Reclamation, is specifically authorized to—

“(i) complete construction of, and operate and maintain, a reservoir, a pumping plant, a reservoir inlet conduit, and appurtenant facilities with sufficient capacity to divert and store water from the Animas River to provide for an average annual depletion of 57,100 acre-feet of water to be used for a municipal and industrial water supply, which facilities shall—

“(I) be designed and operated in accordance with the hydrologic regime necessary for the recovery of the endangered fish of the San Juan River as determined by the San Juan River Recovery Implementation Program;

“(II) be operated in accordance with the Animas-La Plata Project Compact as approved by Congress in Public Law 90-537;

“(III) include an inactive pool of an appropriate size to be determined by the Secretary following the completion of required environmental compliance activities; and

“(IV) include those recreation facilities determined to be appropriate by agreement between the State of Colorado and the Secretary that shall address the payment of any of the costs of such facilities by the State of Colorado in addition to the costs described in paragraph (3); and

“(ii) deliver, through the use of the project components referred to in clause (i), municipal and industrial water allocations—

“(I) with an average annual depletion not to exceed 16,525 acre-feet of water, to the Southern Ute Indian Tribe for its present and future needs;

“(II) with an average annual depletion not to exceed 16,525 acre-feet of water, to the Ute Mountain Ute Indian Tribe for its present and future needs;

“(III) with an average annual depletion not to exceed 2,340 acre-feet of water, to the Navajo Nation for its present and future needs;

“(IV) with an average annual depletion not to exceed 10,400 acre-feet of water, to the San Juan Water Commission for its present and future needs;

“(V) with an average annual depletion of an amount not to exceed 2,600 acre-feet of water, to the Animas-La Plata Conservancy District for its present and future needs;

“(VI) with an average annual depletion of an amount not to exceed 5,230 acre-feet of water, to the State of Colorado for its present and future needs; and

“(VII) with an average annual depletion of an amount not to exceed 780 acre-feet of water, to the La Plata Conservancy District of New Mexico for its present and future needs.

“(B) APPLICABILITY OF OTHER FEDERAL LAW.—The responsibilities of the Secretary described in subparagraph (A) are subject to the requirements of Federal laws related to the protection of the environment and otherwise applicable to the construction of the proposed facilities, including the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), the Clean Water Act (42 U.S.C. 7401 et seq.), and the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.). Nothing in this Act shall be construed to predetermine or otherwise affect the outcome of any analysis conducted by the Secretary or any other Federal official under applicable laws.

“(C) LIMITATION.—

“(i) IN GENERAL.—If constructed, the facilities described in subparagraph (A) shall constitute the Animas-La Plata Project. Construction of any other project features authorized by Public Law 90-537 shall not be commenced without further express authorization from Congress.

“(ii) CONTINGENCY IN APPLICATION.—If the facilities described in subparagraph (A) are not constructed and operated, clause (i) shall not take effect.

“(2) TRIBAL CONSTRUCTION COSTS.—Construction costs allocable to the facilities that are required to deliver the municipal and industrial water allocations described in subclauses (I), (II) and (III) of paragraph (1)(A)(ii) shall be nonreimbursable to the United States.

“(3) NONTRIBAL WATER CAPITAL OBLIGATIONS.—

“(A) IN GENERAL.—Under the provisions of section 9 of the Act of August 4, 1939 (43 U.S.C. 485h), the nontribal municipal and industrial water capital repayment obligations for the facilities described in paragraph (1)(A)(i) may be satisfied upon the payment in full of the nontribal water capital obligations prior to the initiation of construction. The amount of the obligations described in the preceding sentence shall be determined by agreement between the Secretary of the Interior and the entity responsible for such repayment as to the appropriate reimbursable share of the construction costs allocated to that entity’s municipal water storage. Such repayment shall be consistent with Federal reclamation law, including the Colorado River Storage Project Act of 1956 (43 U.S.C. 620 et seq.). Such agreement shall take into account the fact that the construction of certain project facilities, including those facilities required to provide irrigation water supplies from the Animas-La Plata Project, is not authorized under paragraph (1)(A)(i) and no costs associated with the design or development of such facilities, including costs associated with environmental compliance, shall be allocable to the municipal and industrial users of the facilities authorized under such paragraph.

“(B) NONTRIBAL REPAYMENT OBLIGATION SUBJECT TO FINAL COST ALLOCATION.—The nontribal repayment obligation set forth in subparagraph (A) shall be subject to a final cost allocation by the Secretary upon project completion. In the event that the final cost allocation indicates that additional repayment is warranted based on the applicable entity’s share of project water storage and determination of overall reimbursable cost, that entity may elect to enter into a new agreement to make the additional payment necessary to secure the full water supply identified in paragraph (1)(A)(ii). If the repayment entity elects not to enter into a new agreement, the portion of project storage relinquished by such election shall be available to the Secretary for allocation to other project purposes. Additional repayment shall only be warranted for reasonable and unforeseen costs associated with project construction as determined by the Secretary in consultation with the relevant repayment entities.

“(C) REPORT.—Not later than April 1, 2001, the Secretary shall report to Congress on the status of the cost-share agreements contemplated in subparagraph (A). In the event that no agreement is reached with either the Animas-La Plata Conservancy District or the State of Colorado for the water allocations set forth in subclauses (V) and (VI) of paragraph (1)(A)(ii), those allocations shall be reallocated equally to the Colorado Ute Tribes.

“(4) TRIBAL WATER ALLOCATIONS.—

“(A) IN GENERAL.—With respect to municipal and industrial water allocated to a Tribe from the Animas-La Plata Project or the Dolores Project, until that water is first used by a Tribe or used pursuant to a water use contract with the Tribe, the Secretary shall pay the annual operation, maintenance, and replacement costs allocable

to that municipal and industrial water allocation of the Tribe.

“(B) TREATMENT OF COSTS.—A Tribe shall not be required to reimburse the Secretary for the payment of any cost referred to in subparagraph (A).

“(5) REPAYMENT OF PRO RATA SHARE.—Upon a Tribe’s first use of an increment of a municipal and industrial water allocation described in paragraph (4), or the Tribe’s first use of such water pursuant to the terms of a water use contract—

“(A) repayment of that increment’s pro rata share of those allocable construction costs for the Dolores Project shall be made by the Tribe; and

“(B) the Tribe shall bear a pro rata share of the allocable annual operation, maintenance, and replacement costs of the increment as referred to in paragraph (4).”.

(3) the United States Government called upon the Navajo Nation to support the military effort by recruiting and enlisting 29 Navajo men to serve as Marine Corps Radio Operators;

(12) only then did a realization of the sacrifice and valor of these brave Native Americans emerge from history.

(d) The inspection regime shall incorporate a plan for sampling and testing cruise vessel discharges to ensure that any discharges of sewage or graywater are in compliance with this title, the Federal Water Pollution Control Act, as amended, and any other applicable laws and regulations, and may require the owner, operator or master, or other person in charge of a cruise vessel subject to this title to conduct such samples or tests, and to produce any records of such sampling or testing at the request of the Secretary or Administrator.

(2) CLASSES OF PENALTIES.—

(A) CLASS I.—The amount of a class I civil penalty under this section may not exceed \$10,000 per violation, except that the maximum amount of any class I civil penalty under this section shall not exceed \$25,000. Before assessing a civil penalty under this clause, the Secretary or Administrator, as the case may be, shall give to the person to be assessed such penalty written notice of the Secretary's or Administrator's proposal to assess the penalty and the opportunity to request, within 30 days of the date the notice is received by such person, a hearing on the proposed penalty. Such hearing shall not be subject to section 554 or 556 of title 5, but shall provide a reasonable opportunity to be heard and to present evidence.

(B) CLASS II.—The amount of a class II civil penalty under this section may not exceed \$10,000 per day for each day during which the violation continues, except that the maximum amount of any class II civil penalty under this section shall not exceed \$125,000. Except as otherwise provided in this subsection, a class II civil penalty shall be assessed and collected in the same manner, and subject to the same provisions as in the case of civil penalties assessed and collected after notice and an opportunity for a hearing on the record in accordance with section 554 of title 5, United States Code. The Secretary and Administrator may issue rules for discovery procedures for hearings under this paragraph.

(3) RIGHTS OF INTERESTED PERSONS.—

(A) PUBLIC NOTICE.—Before issuing an order assessing a class II civil penalty under this section, the Secretary or Administrator, as the case may be, shall provide public notice of and reasonable opportunity to comment on the proposed issuance of each order.

(B) PRESENTATION OF EVIDENCE.—Any person who comments on a proposed assessment of a class II civil penalty under this section shall be given notice of any hearing held under this paragraph and of the order assessing such penalty. In any hearing held under this paragraph, such person shall have a reasonable opportunity to be heard and present evidence.

(C) RIGHTS OF INTERESTED PERSONS TO A HEARING.—If no hearing is held under subsection (2) before issuance of an order assessing a class II civil penalty under this section, any person who commented on the proposed assessment may petition, within 30 days after the issuance of such order, the Administrator or Secretary, as the case may be, to set aside such order and to provide a hearing on the penalty. If the evidence presented by the petitioner in support of the petition is material and was not considered in the issuance of the order, the Administrator or Secretary shall immediately set aside such order and provide a hearing in accordance with subsection (2)(B). If the Administrator or Secretary denies a hearing under

this clause, the Administrator or Secretary shall provide to the petitioner, and publish in the Federal Register, notice of and the reasons for such denial.

(4) FINALITY OF ORDER.—An order assessing a class II civil penalty under this paragraph shall become final 30 days after its issuance unless a petition for judicial review is filed under subparagraph (6) or a hearing is requested under subsection (3)(C). If such a hearing is denied, such order shall become final 30 days after such denial.

(5) EFFECT OF ACTION ON COMPLIANCE.—No action by the Administrator or Secretary under this paragraph shall affect any person's obligation to comply with any section of this title.

(6) JUDICIAL REVIEW.—Any person against whom a civil penalty is assessed under this paragraph or who commented on the proposed assessment of such penalty in accordance with subsection (3) may obtain review of such assessment—

(A) in the case of assessment of a class I civil penalty, in the United States District Court for the District of Columbia or in the District of Alaska; or

The Administrator or Secretary shall promptly file in such court a certified copy of the record on which the order was issued. Such court shall not set aside or remand such order unless there is not substantial evidence in the record, taken as a whole, to support the finding of a violation or unless the Administrator's or Secretary's assessment of the penalty constitutes an abuse of discretion and shall not impose additional civil penalties for the same violation unless the Administrator's or Secretary's assessment of the penalty constitutes an abuse of discretion.

(7) COLLECTION.—If any person fails to pay an assessment of a civil penalty—

(A) after the assessment has become final, or

(B) after a court in an action brought under subsection (6) has entered a final judgment in favor of the Administrator or Secretary, as the case may be, the Administrator or Secretary shall request the Attorney General to bring a civil action in an appropriate district court to recover the amount assessed (plus interest at currently prevailing rates from the date of the final order or the date of the final judgment, as the case may be). In such an action, the validity, amount, and appropriateness of such penalty shall not be subject to review. Any person who fails to pay on a timely basis the amount of an assessment of a civil penalty as described in the first sentence of this subparagraph shall be required to pay, in addition to such amount and interest, attorneys fees and costs for collection proceedings and a quarterly nonpayment penalty for each quarter during which such failure to pay persists. maintained under this title, or the regulations issued thereunder, commits a Class D felony.

(h) CIVIL ACTIONS.—The Administrator is authorized to commence a civil action for appropriate relief, including a permanent or temporary injunction, for any violation for which he is authorized

Any action under subsection (h) may be brought in the district court of the United States for the district in which the defendant is located or resides or is doing business, and such court shall have jurisdiction to restrain such violation and to require compliance. APPENDIX D-1—S. 2273

SECTION 1. SHORT TITLE.

This Act may be cited as the “Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area Act of 2000”.

SEC. 2. FINDINGS.

The Congress finds the following:

(1) The areas of northwestern Nevada known as the Black Rock Desert and High Rock Canyon contain and surround the last nationally significant, untouched segments of the historic California emigrant Trails, including wagon ruts, historic inscriptions, and a wilderness landscape largely unchanged since the days of the pioneers.

(2) The relative absence of development in the Black Rock Desert and High Rock Canyon areas from emigrant times to the present day offers a unique opportunity to capture the terrain, sights, and conditions of the overland trails as they were experienced by the emigrants and to make available to both present and future generations of Americans the opportunity of experiencing emigrant conditions in an unaltered setting.

(3) The Black Rock Desert and High Rock Canyon areas are unique segments of the Northern Great Basin and contain broad representation of the Great Basin’s land forms and plant and animal species, including golden eagles and other birds of prey, sage grouse, mule deer, pronghorn antelope, bighorn sheep, free roaming horses and burros, threatened fish and sensitive plants.

(4) The Black Rock-High Rock region contains a number of cultural and natural resources that have been declared eligible for National Historic Landmark and Natural Landmark status, including a portion of the 1843-44 John Charles Fremont exploration route, the site of the death of Peter Lassen, early military facilities, and examples of early homesteading and mining.

(5) The archeological, paleontological, and geographical resources of the Black Rock-High Rock region include numerous prehistoric and historic Native American sites, woolly mammoth sites, some of the largest natural potholes of North America, and a remnant dry Pleistocene lakebed (playa) where the curvature of the Earth may be observed.

(6) The two large wilderness mosaics that frame the conservation area offer exceptional opportunities for solitude and serve to protect the integrity of the viewshed of the historic emigrant trails.

(7) Public lands in the conservation area have been used for domestic livestock grazing for over a century, with resultant benefits to community stability and contributions to the local and State economies. It has not been demonstrated that continuation of this use would be incompatible with appropriate protection and sound management of the resource values of these lands; therefore, it is expected that such grazing will continue in accordance with the management plan for the conservation area and other applicable laws and regulations.

(8) The Black Rock Desert playa is a unique natural resource that serves as the primary destination for the majority of visitors to the conservation area, including visitors associated with large-scale permitted events. It is expected that such permitted events will continue to be administered in accordance with the management plan for the conservation area and other applicable laws and regulations.

SEC. 3. DEFINITIONS.

As used in this Act:

(1) The term “Secretary” means the Secretary of the Interior.

(A) by redesignating clause (iii) as clause (iv); and

(B) by inserting after clause (ii) the following new clause:

“(iii) ADJUSTMENT FOR SERVICE MIX CHANGES.—Insofar as the Secretary determines that the adjustments for service mix under paragraph (2) for a previous year (or estimates that such adjustments for a future year) did (or are likely to) result in a change in aggregate payments under this subsection during the year that are a result of changes in the coding or classification of covered OPD services that do not reflect real changes in service mix, the Secretary may adjust the conversion factor computed under this subparagraph for subsequent years so as to eliminate the effect of such coding or classification changes.”.

(2) EFFECTIVE DATE.—The amendments made by paragraph (1) shall take effect as if included in the enactment of BBA.

(c) SPECIAL RULE FOR PAYMENT FOR 2001.—Notwithstanding the amendment made by subsection (a), for purposes of making payments under section 1833(t) of the Social Security Act (42 U.S.C. 1395l(t)) for covered OPD services furnished during 2001, the medicare OPD fee schedule amount under such section—

SEC. 402. CLARIFYING PROCESS AND STANDARDS FOR DETERMINING ELIGIBILITY OF DEVICES FOR PASS-THROUGH PAYMENTS UNDER HOSPITAL OUTPATIENT PPS.

(a) IN GENERAL.—Section 1833(t)(6) (42 U.S.C. 1395l(t)(6)) is amended—

(1) by redesignating subparagraphs (C) and (D) as subparagraphs (D) and (E), respectively; and

(2) by striking subparagraph (B) and inserting the following new subparagraphs:

“(B) USE OF CATEGORIES IN DETERMINING ELIGIBILITY OF A DEVICE FOR PASS-THROUGH PAYMENTS.—The following provisions apply for purposes of determining whether a medical device qualifies for additional payments under clause (ii) or (iv) of subparagraph (A):

“(i) ESTABLISHMENT OF INITIAL CATEGORIES.—

“(I) IN GENERAL.—The Secretary shall initially establish under this clause categories of medical devices based on type of device by April 1, 2001. Such categories shall be established in a manner such that each medical device that meets the requirements of clause (ii) or (iv) of subparagraph (A) as of January 1, 2001, is included in such a category and no such device is included in more than one category. For purposes of the preceding sentence, whether a medical device meets such requirements as of such date shall be determined

on the basis of the program memoranda issued before such date.

“(II) AUTHORIZATION OF IMPLEMENTATION OTHER THAN THROUGH REGULATIONS.—The categories may be established under this clause by program memorandum or otherwise, after consultation with groups representing hospitals, manufacturers of medical devices, and other affected parties.

“(ii) ESTABLISHING CRITERIA FOR ADDITIONAL CATEGORIES.—

“(I) IN GENERAL.—The Secretary shall establish criteria that will be used for creation of additional categories (other than those established under clause (i)) through rulemaking (which may include use of an interim final rule with comment period).

“(II) STANDARD.—Such categories shall be established under this clause in a manner such that no medical device is described by more than one category. Such criteria shall include a test of whether the average cost of devices that would be included in a category and are in use at the time the category is established is not insignificant, as described in subparagraph (A)(iv)(II).

“(III) DEADLINE.—Criteria shall first be established under this clause by July 1, 2001. The Secretary may establish in compelling circumstances categories under this clause before the date such criteria are established.

“(IV) ADDING CATEGORIES.—The Secretary shall promptly establish a new category of medical devices under this clause for any medical device that meets the requirements of subparagraph (A)(iv) and for which none of the categories in effect (or that were previously in effect) is appropriate.

“(iii) PERIOD FOR WHICH CATEGORY IS IN EFFECT.—A category of medical devices established under clause (i) or (ii) shall be in effect for a period of at least 2 years, but not more than 3 years, that begins—

“(I) in the case of a category established under clause (i), on the first date on which payment was made under this paragraph for any device described by such category (including payments made during the period before April 1, 2001); and

“(II) in the case of any other category, on the first date on which payment is made under this paragraph for any medical device that is described by such category.

“(iv) REQUIREMENTS TREATED AS MET.—A medical device shall be treated as meeting the requirements of subparagraph (A)(iv), regardless of whether the device meets the requirement of subclause (I) of such subparagraph, if—

“(I) the device is described by a category established and in effect under clause (i); or

“(II) the device is described by a category established and in effect under clause (ii) and an application under section 515 of the Federal Food, Drug, and Cosmetic Act has been approved with respect to the device, or the device has been cleared for market under section 510(k) of such Act, or the device is exempt from the requirements of section 510(k) of such Act pursuant to subsection (l) or (m) of section 510 of such Act or section 520(g) of such Act.

Nothing in this clause shall be construed as requiring an application or prior approval (other than that described in subclause (II)) in order for a covered device described by a category to qualify for payment under this paragraph.

“(C) LIMITED PERIOD OF PAYMENT.—

“(i) DRUGS AND BIOLOGICALS.—The payment under this paragraph with respect to a drug or biological shall only apply during a period of at least 2 years, but not more than 3 years, that begins—

“(I) on the first date this subsection is implemented in the case of a drug or biological described in clause (i), (ii), or (iii) of subparagraph (A) and in the case of a drug or biological described in subparagraph (A)(iv) and for which payment under this part is made as an outpatient hospital service before such first date; or

“(II) in the case of a drug or biological described in subparagraph (A)(iv) not described in subclause (I), on the first date on which payment is made under this part for the drug or biological as an outpatient hospital service.

“(ii) MEDICAL DEVICES.—Payment shall be made under this paragraph with respect to a medical device only if such device—

“(I) is described by a category of medical devices established and in effect under subparagraph (B); and

“(II) is provided as part of a service (or group of services) paid for under this subsection and provided during the period for which such category is in effect under such subparagraph.”.

(b) CONFORMING AMENDMENTS.—Section 1833(t) (42 U.S.C. 1395l(t)) is further amended—

(1) in paragraph (6)(A)(iv)(II), by striking “the cost of the device, drug, or biological” and inserting “the cost of the drug or biological or the average cost of the category of devices”;

(2) in paragraph (6)(D) (as redesignated by subsection (a)(1)), by striking “subparagraph (D)(iii)” in the matter preceding clause (i) and inserting “subparagraph (E)(iii)”; and

(3) in paragraph (12)(E), by striking “additional payments (consistent with paragraph (6)(B))” and inserting “additional payments, the determination and deletion of initial and new categories (consistent with subparagraphs (B) and (C) of paragraph (6))”.

In addition, beginning on the date that is 30 days after the date of the enactment of this Act, payment shall be made for such a device that is not included in a program memorandum described in such subparagraph if the Secretary of Health and Human Services determines that the device (including a device that would have been included in such program memorandum but for the requirement of subparagraph (A)(iv)(I) of that section) is likely to be described by such an initial category.

(2) APPLICATION OF CURRENT PROCESS.—Notwithstanding any other provision of law, the Secretary shall continue to accept applications with respect to medical devices under the process established pursuant to paragraph (6) of section 1833(t) of the Social Security Act (as in effect on the day before the date of the enactment of this Act) through December 1, 2000, and any device—

(B) that meets the requirements of clause (ii) or (iv) of subparagraph (A) of such paragraph (as determined pursuant to such process),

The report shall include such recommendations for changes in law as may be necessary to assure fair and appropriate payment levels under such part for such improved tests and equipment as reflects increased costs necessary to produce improved results.

Such mechanism shall be established after notice and opportunity for public comment (in the publications required by subsection (e)(5) for a fiscal year or otherwise).

“(ii) The mechanism established pursuant to clause (i) shall—

“(I) apply to a new medical service or technology if, based on the estimated costs incurred with respect to discharges involving such service or technology, the DRG prospective payment rate otherwise applicable to such discharges under this subsection is inadequate;

“(II) provide for the collection of data with respect to the costs of a new medical service or technology described in subclause (I) for a period of not less than two years and not more than three years beginning on the date on which an inpatient hospital code is issued with respect to the service or technology;

“(III) subject to paragraph (4)(C)(iii), provide for additional payment to be made under this subsection with respect to discharges involving a new medical service or technology described in subclause (I) that occur during the period described in subclause (II) in an amount that adequately reflects the estimated average cost of such service or technology; and

“(IV) provide that discharges involving such a service or technology that occur after the close of the period described in subclause (II) will be classified within a new or existing

diagnosis-related group with a weighting factor under paragraph (4)(B) that is derived from cost data collected with respect to discharges occurring during such period.

“(iii) For purposes of clause (ii)(II), the term ‘inpatient hospital code’ means any code that is used with respect to inpatient hospital services for which payment may be made under this subsection and includes an alphanumeric code issued under the International Classification of Diseases, 9th Revision, Clinical Modification (‘ICD-9-CM’) and its subsequent revisions.

“(iv) For purposes of clause (ii)(III), the term ‘additional payment’ means, with respect to a discharge for a new medical service or technology described in clause (ii)(I), an amount that exceeds the prospective payment rate otherwise applicable under this subsection to discharges involving such service or technology that would be made but for this subparagraph.

“(v) The requirement under clause (ii)(III) for an additional payment may be satisfied by means of a new-technology group (described in subparagraph (L)), an add-on payment, a payment adjustment, or any other similar mechanism for increasing the amount otherwise payable with respect to a discharge under this subsection. The Secretary may not establish a separate fee schedule for such additional payment for such services and technologies, by utilizing a methodology established under subsection (a) or (h) of section 1834 to determine the amount of such additional payment, or by other similar mechanisms or methodologies.

“(vi) For purposes of this subparagraph and subparagraph (L), a medical service or technology will be considered a ‘new medical service or technology’ if the service or technology meets criteria established by the Secretary after notice and an opportunity for public comment.

“(L)(i) In establishing the mechanism under subparagraph (K), the Secretary may establish new-technology groups into which a new medical service or technology will be classified if, based on the estimated average costs incurred with respect to discharges involving such service or technology, the DRG prospective payment rate otherwise applicable to such discharges under this subsection is inadequate.

“(ii) Such groups—

“(I) shall not be based on the costs associated with a specific new medical service or technology; but

“(II) shall, in combination with the applicable standardized amounts and the weighting factors assigned to such groups under paragraph (4)(B), reflect such cost cohorts as the Secretary determines are appropriate for all new medical services and technologies that are likely to be provided as inpatient hospital services in a fiscal year.

“(iii) The methodology for classifying specific hospital discharges within a diagnosis-related group under paragraph (4)(A) or a new-technology group shall provide that a specific hospital discharge may not be classified within both a diagnosis-related group and a new-technology group.”.

(2) PRIOR CONSULTATION.—The Secretary of Health and Human Services shall consult with groups representing hospitals, physicians, and manufacturers of new medical technologies before publishing the notice of proposed rulemaking required by section 1886(d)(5)(K)(i) of the Social Security Act (as added by paragraph (1)).

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Indian Tribal Justice Technical and Legal Assistance Act of 2000”.

SEC. 2. FINDINGS.

The Congress finds and declares that—

(1) there is a government-to-government relationship between the United States and Indian tribes;

(2) Indian tribes are sovereign entities and are responsible for exercising governmental authority over Indian lands;

(3) the rate of violent crime committed in Indian country is approximately twice the rate of violent crime committed in the United States as a whole;

(4) in any community, a high rate of violent crime is a major obstacle to investment, job creation and economic growth;

(5) tribal justice systems are an essential part of tribal governments and serve as important forums for ensuring the health and safety and the political integrity of tribal governments;

(6) Congress and the Federal courts have repeatedly recognized tribal justice systems as the most appropriate forums for the adjudication of disputes affecting personal and property rights on Native lands;

(7) enhancing tribal court systems and improving access to those systems serves the dual Federal goals of tribal political self-determination and economic self-sufficiency;

(8) there is both inadequate funding and an inadequate coordinating mechanism to meet the technical and legal assistance needs of tribal justice systems and this lack of adequate technical and legal assistance funding impairs their operation;

(9) tribal court membership organizations have served a critical role in providing training and technical assistance for development and enhancement of tribal justice systems;

(10) Indian legal services programs, as funded partially through the Legal Services Corporation, have an established record of providing cost effective legal assistance to Indian people in tribal court forums, and also contribute significantly

to the development of tribal courts and tribal jurisprudence; and

(11) the provision of adequate technical assistance to tribal courts and legal assistance to both individuals and tribal courts is an essential element in the development of strong tribal court systems.

SEC. 3. PURPOSES.

25 USC 3652.

The purposes of this Act are as follows:

(1) to carry out the responsibility of the United States to Indian tribes and members of Indian tribes by ensuring access to quality technical and legal assistance.

(2) To strengthen and improve the capacity of tribal court systems that address civil and criminal causes of action under the jurisdiction of Indian tribes.

(3) To strengthen tribal governments and the economies of Indian tribes through the enhancement and, where appropriate, development of tribal court systems for the administration of justice in Indian country by providing technical and legal assistance services.

(4) To encourage collaborative efforts between national or regional membership organizations and associations whose membership consists of judicial system personnel within tribal justice systems; non-profit entities which provide legal assistance services for Indian tribes, members of Indian tribes, and/or tribal justice systems.

(5) To assist in the development of tribal judicial systems by supplementing prior congressional efforts such as the Indian Tribal Justice Act (Public Law 103–176).

Public Law 106–560
106th Congress

An Act

Dec. 21, 2000
[S. 1898]

To provide protection against the risks to the public that are inherent in the interstate transportation of violent prisoners.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Interstate
Transportation of
Dangerous
Criminals Act of
2000.
42 USC 13701
note.
42 USC 13726.

SECTION 1. SHORT TITLE.

This Act may be cited as the “Interstate Transportation of Dangerous Criminals Act of 2000” or “Jeanna’s Act”.

SEC. 2. FINDINGS.

Congress finds the following:

(1) Increasingly, States are turning to private prisoner transport companies as an alternative to their own personnel or the United States Marshals Service when transporting violent prisoners.

(2) The transport process can last for days if not weeks, as violent prisoners are dropped off and picked up at a network of hubs across the country.

(3) Escapes by violent prisoners during transport by private prisoner transport companies have occurred.

(4) Oversight by the Attorney General is required to address these problems.

(5) While most governmental entities may prefer to use, and will continue to use, fully trained and sworn law enforcement officers when transporting violent prisoners, fiscal or logistical concerns may make the use of highly specialized private prisoner transport companies an option. Nothing in this Act should be construed to mean that governmental entities should contract with private prisoner transport companies to move violent prisoners; however when a government entity opts to use a private prisoner transport company to move violent prisoners, then the company should be subject to regulation in order to enhance public safety.

42 USC 13726a.

SEC. 3. DEFINITIONS.

In this Act:

(1) **CRIME OF VIOLENCE.**—The term “crime of violence” has the same meaning as in section 924(c)(3) of title 18, United States Code.

(2) **PRIVATE PRISONER TRANSPORT COMPANY.**—The term “private prisoner transport company” means any entity, other than the United States, a State, or an inferior political subdivision of a State, which engages in the business of the transporting for compensation, individuals committed to the custody

of any State or of an inferior political subdivision of a State, or any attempt thereof.

(3) **VIOLENT PRISONER.**—The term “violent prisoner” means any individual in the custody of a State or an inferior political subdivision of a State who has previously been convicted of or is currently charged with a crime of violence or any similar statute of a State or the inferior political subdivisions of a State, or any attempt thereof.

SEC. 4. FEDERAL REGULATION OF PRISONER TRANSPORT COMPANIES.

42 USC 13726b.

(a) **IN GENERAL.**—Not later than 180 days after the date of enactment of this Act, the Attorney General, in consultation with the American Correctional Association and the private prisoner transport industry, shall promulgate regulations relating to the transportation of violent prisoners in or affecting interstate commerce.

Deadline.

(b) **STANDARDS AND REQUIREMENTS.**—The regulations shall include the following:

(1) Minimum standards for background checks and pre-employment drug testing for potential employees, including requiring criminal background checks, to disqualify persons with a felony conviction or domestic violence conviction as defined by section 921 of title 18, United States Code, for eligibility for employment. Preemployment drug testing will be in accordance with applicable State laws.

(2) Minimum standards for the length and type of training that employees must undergo before they can transport prisoners not to exceed 100 hours of preservice training focusing on the transportation of prisoners. Training shall be in the areas of use of restraints, searches, use of force, including use of appropriate weapons and firearms, CPR, map reading, and defensive driving.

(3) Restrictions on the number of hours that employees can be on duty during a given time period. Such restriction shall not be more stringent than current applicable rules and regulations concerning hours of service promulgated under the Federal Motor Vehicle Safety Act.

(4) Minimum standards for the number of personnel that must supervise violent prisoners. Such standards shall provide the transport entity with appropriate discretion, and, absent more restrictive requirements contracted for by the procuring government entity, shall not exceed a requirement of 1 agent for every 6 violent prisoners.

(5) Minimum standards for employee uniforms and identification that require wearing of a uniform with a badge or insignia identifying the employee as a transportation officer.

(6) Standards establishing categories of violent prisoners required to wear brightly colored clothing clearly identifying them as prisoners, when appropriate.

(7) Minimum requirements for the restraints that must be used when transporting violent prisoners, to include leg shackles and double-locked handcuffs, when appropriate.

(8) A requirement that when transporting violent prisoners, private prisoner transport companies notify local law enforcement officials 24 hours in advance of any scheduled stops in their jurisdiction.

(9) A requirement that in the event of an escape by a violent prisoner, private prisoner transport company officials shall immediately notify appropriate law enforcement officials in the jurisdiction where the escape occurs, and the governmental entity that contracted with the private prisoner transport company for the transport of the escaped violent prisoner.

(10) Minimum standards for the safety of violent prisoners in accordance with applicable Federal and State law.

(c) **FEDERAL STANDARDS.**—Except for the requirements of subsection (b)(6), the regulations promulgated under this Act shall not provide stricter standards with respect to private prisoner transport companies than are applicable, without exception, to the United States Marshals Service, Federal Bureau of Prisons, and the Immigration and Naturalization Service when transporting violent prisoners under comparable circumstances.

42 USC 13726c.

SEC. 5. ENFORCEMENT.

Any person who is found in violation of the regulations established by this Act shall—

(1) be liable to the United States for a civil penalty in an amount not to exceed \$10,000 for each violation and, in addition, to the United States for the costs of prosecution; and

(2) make restitution to any entity of the United States, of a State, or of an inferior political subdivision of a State, which expends funds for the purpose of apprehending any violent prisoner who escapes from a prisoner transport company as the result, in whole or in part, of a violation of regulations promulgated pursuant to section 4(a).

18 USC 983 note.

SEC. 4. SENSE OF CONGRESS REGARDING THE OBLIGATION OF GRANTEE STATES TO ENSURE ACCESS TO POST-CONVICTION DNA TESTING AND COMPETENT COUNSEL IN CAPITAL CASES.

42 USC 14135 note.

(a) **FINDINGS.**—Congress finds that—

(1) over the past decade, deoxyribonucleic acid testing (referred to in this section as “DNA testing”) has emerged

as the most reliable forensic technique for identifying criminals when biological material is left at a crime scene;

(2) because of its scientific precision, DNA testing can, in some cases, conclusively establish the guilt or innocence of a criminal defendant;

(3) in other cases, DNA testing may not conclusively establish guilt or innocence, but may have significant probative value to a finder of fact;

(4) DNA testing was not widely available in cases tried prior to 1994;

(5) new forensic DNA testing procedures have made it possible to get results from minute samples that could not previously be tested, and to obtain more informative and accurate results than earlier forms of forensic DNA testing could produce, resulting in some cases of convicted inmates being exonerated by new DNA tests after earlier tests had failed to produce definitive results;

(6) DNA testing can and has resulted in the post-conviction exoneration of more than 75 innocent men and women, including some under sentence of death;

(7) in more than a dozen cases, post-conviction DNA testing that has exonerated an innocent person has also enhanced public safety by providing evidence that led to the apprehension of the actual perpetrator;

(8) experience has shown that it is not unduly burdensome to make DNA testing available to inmates in appropriate cases;

(9) under current Federal and State law, it is difficult to obtain post-conviction DNA testing because of time limits on introducing newly discovered evidence;

(10) the National Commission on the Future of DNA Evidence, a Federal panel established by the Department of Justice and comprised of law enforcement, judicial, and scientific experts, has urged that post-conviction DNA testing be permitted in the relatively small number of cases in which it is appropriate, notwithstanding procedural rules that could be invoked to preclude such testing, and notwithstanding the inability of an inmate to pay for the testing;

(11) only a few States have adopted post-conviction DNA testing procedures;

(12) States have received millions of dollars in DNA-related grants, and more funding is needed to improve State forensic facilities and to reduce the nationwide backlog of DNA samples from convicted offenders and crime scenes that need to be tested or retested using upgraded methods;

(13) States that accept such financial assistance should not deny the promise of truth and justice for both sides of our adversarial system that DNA testing offers;

(14) post-conviction DNA testing and other post-conviction investigative techniques have shown that innocent people have been sentenced to death in this country;

(15) a constitutional error in capital cases is incompetent defense lawyers who fail to present important evidence that the defendant may have been innocent or does not deserve to be sentenced to death; and

(16) providing quality representation to defendants facing loss of liberty or life is essential to fundamental due process and the speedy final resolution of judicial proceedings.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) Congress should condition forensic science-related grants to a State or State forensic facility on the State's agreement to ensure post-conviction DNA testing in appropriate cases; and

(2) Congress should work with the States to improve the quality of legal representation in capital cases through the establishment of standards that will assure the timely appointment of competent counsel with adequate resources to represent defendants in capital cases at each stage of the proceedings.

TITLE VIII—DICKINSON DAM BASCULE GATES SETTLEMENT

SEC. 801. SHORT TITLE.

This title may be cited as the “Dickinson Dam Bascule Gates Settlement Act of 2000”.

SEC. 802. FINDINGS.

The Congress finds that—

(1) in 1980 and 1981, the Bureau of Reclamation constructed the bascule gates on top of the Dickinson Dam on the Heart River, North Dakota, to provide additional water supply in the reservoir known as Patterson Lake for the city of Dickinson, North Dakota, and for additional flood control and other benefits;

(2) the gates had to be significantly modified in 1982 because of damage resulting from a large ice block causing excessive pressure on the hydraulic system, causing the system to fail;

(3) since 1991, the City has received its water supply from the Southwest Water Authority, which provides much higher quality water from the Southwest Pipeline Project;

(4) the City now receives almost no benefit from the bascule gates because the City does not require the additional water provided by the bascule gates for its municipal water supply;

(5) the City has repaid more than \$1,200,000 to the United States for the construction of the bascule gates, and has been working for several years to reach an agreement with the Bureau of Reclamation to alter its repayment contract;

(6) the City has a longstanding commitment to improving the water quality and recreation value of the reservoir and

has been working with the United States Geological Survey, the North Dakota Department of Game and Fish, and the North Dakota Department of Health to improve water quality; and

(7) it is in the public interest to resolve this issue by providing for a single payment to the United States in lieu of the scheduled annual payments and for the termination of any further repayment obligation.

SEC. 803. DEFINITIONS.

In this title:

(1) **BASCULE GATES.**—The term “basculer gates” means the structure constructed on the Dam to provide additional water storage capacity in the Lake.

(2) **CITY.**—The term “City” means the city of Dickinson, North Dakota.

(3) **DAM.**—The term “Dam” means Dickinson Dam on the Heart River, North Dakota.

(4) **LAKE.**—The term “Lake” means the reservoir known as “Patterson Lake” in the State of North Dakota.

(5) **SECRETARY.**—The term “Secretary” means the Secretary of the Interior, acting through the Commissioner of the Bureau of Reclamation.

SEC. 804. FORGIVENESS OF DEBT.

(a) **IN GENERAL.**—The Secretary shall accept a 1-time payment of \$300,000 in lieu of the existing repayment obligations of the City under the Bureau of Reclamation Contract No. 9-07-60W0384, dated December 19, 1988, toward which amount any payments made by the City to the Secretary on or after June 2, 1998, shall be credited.

(b) **OWNERSHIP.**—Title to the Dam and basculer gates shall remain with the United States.

(c) **COSTS.**—(1) The Secretary shall enter into an agreement with the City to allocate responsibilities for operation and maintenance costs of the basculer gates as provided in this subsection.

(2) The City shall be responsible for operation and maintenance costs of the basculer gates, up to a maximum annual cost of \$15,000. The Secretary shall be responsible for all other costs.

(d) **WATER SERVICE CONTRACTS.**—The Secretary may enter into appropriate water service contracts if the City or any other person or entity seeks to use water from the Lake for municipal water supply or other purposes.

TITLE I—SALT RIVER PIMA-MARICOPA INDIAN COMMUNITY IRRIGATION WORKS

SEC. 101. FINDINGS.

The Congress finds and declares that—

(1) it is the policy of the United States, in fulfillment of its trust responsibility to Indian tribes, to promote Indian self-determination and economic self-sufficiency;

(2) the Salt River Pima-Maricopa Indian Community (hereinafter referred to as the “Community”) has operated the irrigation works within the Community’s reservation since November 1997 and is capable of fully managing the operation of these irrigation works;

(3) considering that the irrigation works, which are comprised primarily of canals, ditches, irrigation wells, storage reservoirs, and sump ponds located exclusively on lands held in trust for the Community and allottees, have been operated generally the same for over 100 years, the irrigation works will continue to be used for the distribution and delivery of water;

(4) considering that the operational management of the irrigation works has been carried out by the Community as indicated in paragraph (2), the conveyance of ownership of such works to the Community is viewed as an administrative action;

(5) the Community’s laws and regulations are in compliance with section 102(b); and

(6) in light of the foregoing and in order to—

(A) promote Indian self-determination, economic self-sufficiency, and self-governance;

(B) enable the Community in its development of a diverse, efficient reservation economy; and

(C) enable the Community to better serve the water needs of the water users within the Community,
it is appropriate in this instance that the United States convey to the Community the ownership of the irrigation works.

SEC. 102. CONVEYANCE AND OPERATION OF IRRIGATION WORKS.

(a) **CONVEYANCE.**—The Secretary of the Interior, as soon as is practicable after the date of the enactment of this Act, and in accordance with the provisions of this title and all other applicable law, shall convey to the Community any or all rights and interests of the United States in and to the irrigation works on the Community's reservation which were formerly operated by the Bureau of Indian Affairs. Notwithstanding the provisions of sections 1 and 3 of the Act of April 4, 1910 (25 U.S.C. 385) and sections 1, 2, and 3 of the Act of August 7, 1946 (25 U.S.C. 385a, 385b, and 385c) and any implementing regulations, during the period between the date of the enactment of this Act and the conveyance of the irrigation works by the United States to the Community, the Community shall operate the irrigation works under the provisions set forth in this title and in accordance with the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.), including retaining and expending operations and maintenance collections for irrigation works purposes. Effective upon the date of conveyance of the irrigation works, the Community shall have the full ownership of and operating authority over the irrigation works in accordance with the provisions of this title.

(b) **FULFILLMENT OF FEDERAL TRUST RESPONSIBILITIES.**—To assure compliance with the Federal trust responsibilities of the United States to Indian tribes, individual Indians and Indians with trust allotments, including such trust responsibilities contained in Salt River Pima-Maricopa Indian Community Water Rights Settlement Act of 1988 (Public Law 100-512), the Community shall operate the irrigation works consistent with this title and under uniform laws and regulations adopted by the Community for the management, regulation, and control of water resources on the reservation so as to assure fairness in the delivery of water to water users. Such Community laws and regulations include currently and shall continue to include provisions to maintain the following requirements and standards which shall be published and made available to the Secretary and the Community at large:

Publication.

(1) **PROCESS.**—A process by which members of the Community, including Indian allottees, shall be provided a system of distribution, allocation, control, pricing and regulation of water that will provide a just and equitable distribution of water so as to achieve the maximum beneficial use and conservation of water in recognition of the demand on the water resource, the changing uses of land and water and the varying annual quantity of available Community water.

(2) **DUE PROCESS.**—A due process system for the consideration and determination of any request by an Indian or Indian allottee for distribution of water for use on his or her land, including a process for appeal and adjudication of denied or disputed distributions and for resolution of contested administrative decisions.

(c) **SUBSEQUENT MODIFICATION OF LAWS AND REGULATIONS.**—If the provisions of the Community's laws and regulations implementing subsection (b) only are to be modified subsequent to the date of the enactment of this Act by the Community, such proposed modifications shall be published and made available to the Secretary at least 120 days prior to their effective date and any modification that could significantly adversely affect the rights of allottees shall

Publication.

only become effective upon the concurrence of both the Community and the Secretary.

Effective date. TITLE II—NATIVE HAWAIIAN HOUSING ASSISTANCE

SEC. 201. SHORT TITLE.

This title may be cited as the "Hawaiian Homelands Homeownership Act of 2000".

SEC. 202. FINDINGS.

Congress finds that—

(1) the United States has undertaken a responsibility to promote the general welfare of the United States by—

(A) employing its resources to remedy the unsafe and unsanitary housing conditions and the acute shortage of decent, safe, and sanitary dwellings for families of lower income; and

(B) developing effective partnerships with governmental and private entities to accomplish the objectives referred to in subparagraph (A);

(2) the United States has a special responsibility for the welfare of the Native peoples of the United States, including Native Hawaiians;

(3) pursuant to the provisions of the Hawaiian Homes Commission Act, 1920 (42 Stat. 108 et seq.), the United States

set aside 200,000 acres of land in the Federal territory that later became the State of Hawaii in order to establish a homeland for the native people of Hawaii—Native Hawaiians;

(4) despite the intent of Congress in 1920 to address the housing needs of Native Hawaiians through the enactment of the Hawaiian Homes Commission Act, 1920 (42 Stat. 108 et seq.), Native Hawaiians eligible to reside on the Hawaiian home lands have been foreclosed from participating in Federal housing assistance programs available to all other eligible families in the United States;

(5) although Federal housing assistance programs have been administered on a racially neutral basis in the State of Hawaii, Native Hawaiians continue to have the greatest unmet need for housing and the highest rates of overcrowding in the United States;

(6) among the Native American population of the United States, Native Hawaiians experience the highest percentage of housing problems in the United States, as the percentage—

(A) of housing problems in the Native Hawaiian population is 49 percent, as compared to—

(i) 44 percent for American Indian and Alaska Native households in Indian country; and

(ii) 27 percent for all other households in the United States; and

(B) overcrowding in the Native Hawaiian population is 36 percent as compared to 3 percent for all other households in the United States;

(7) among the Native Hawaiian population, the needs of Native Hawaiians, as that term is defined in section 801 of the Native American Housing Assistance and Self-Determination Act of 1996, as added by section 203 of this Act, eligible to reside on the Hawaiian Home Lands are the most severe, as—

(A) the percentage of overcrowding in Native Hawaiian households on the Hawaiian Home Lands is 36 percent; and

(B) approximately 13,000 Native Hawaiians, which constitute 95 percent of the Native Hawaiians who are eligible to reside on the Hawaiian Home Lands, are in need of housing;

(8) applying the Department of Housing and Urban Development guidelines—

(A) 70.8 percent of Native Hawaiians who either reside or who are eligible to reside on the Hawaiian Home Lands have incomes that fall below the median family income; and

(B) 50 percent of Native Hawaiians who either reside or who are eligible to reside on the Hawaiian Home Lands have incomes below 30 percent of the median family income;

(9) one-third of those Native Hawaiians who are eligible to reside on the Hawaiian Home Lands pay more than 30 percent of their income for shelter, and one-half of those Native Hawaiians face overcrowding;

(10) the extraordinarily severe housing needs of Native Hawaiians demonstrate that Native Hawaiians who either reside on, or are eligible to reside on, Hawaiian Home Lands

have been denied equal access to Federal low-income housing assistance programs available to other qualified residents of the United States, and that a more effective means of addressing their housing needs must be authorized;

(11) consistent with the recommendations of the National Commission on American Indian, Alaska Native, and Native Hawaiian Housing, and in order to address the continuing prevalence of extraordinarily severe housing needs among Native Hawaiians who either reside or are eligible to reside on the Hawaiian Home Lands, Congress finds it necessary to extend the Federal low-income housing assistance available to American Indians and Alaska Natives under the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4101 et seq.) to those Native Hawaiians;

(12) under the treaty-making power of the United States, Congress had the constitutional authority to confirm a treaty between the United States and the government that represented the Hawaiian people, and from 1826 until 1893, the United States recognized the independence of the Kingdom of Hawaii, extended full diplomatic recognition to the Hawaiian Government, and entered into treaties and conventions with the Hawaiian monarchs to govern commerce and navigation in 1826, 1842, 1849, 1875, and 1887;

(13) the United States has recognized and reaffirmed that—

(A) Native Hawaiians have a cultural, historic, and land-based link to the indigenous people who exercised sovereignty over the Hawaiian Islands, and that group has never relinquished its claims to sovereignty or its sovereign lands;

(B) Congress does not extend services to Native Hawaiians because of their race, but because of their unique status as the indigenous people of a once sovereign nation as to whom the United States has established a trust relationship;

(C) Congress has also delegated broad authority to administer a portion of the Federal trust responsibility to the State of Hawaii;

(D) the political status of Native Hawaiians is comparable to that of American Indians; and

(E) the aboriginal, indigenous people of the United States have—

(i) a continuing right to autonomy in their internal affairs; and

(ii) an ongoing right of self-determination and self-governance that has never been extinguished;

(14) the political relationship between the United States and the Native Hawaiian people has been recognized and reaffirmed by the United States as evidenced by the inclusion of Native Hawaiians in—

(A) the Native American Programs Act of 1974 (42 U.S.C. 2291 et seq.);

(B) the American Indian Religious Freedom Act (42 U.S.C. 1996 et seq.);

(C) the National Museum of the American Indian Act (20 U.S.C. 80q et seq.);

(D) the Native American Graves Protection and Repatriation Act (25 U.S.C. 3001 et seq.);

(E) the National Historic Preservation Act (16 U.S.C. 470 et seq.);

(F) the Native American Languages Act of 1992 (106 Stat. 3434);

(G) the American Indian, Alaska Native and Native Hawaiian Culture and Arts Development Act (20 U.S.C. 4401 et seq.);

(H) the Job Training Partnership Act (29 U.S.C. 1501 et seq.); and

(I) the Older Americans Act of 1965 (42 U.S.C. 3001 et seq.); and

(15) in the area of housing, the United States has recognized and reaffirmed the political relationship with the Native Hawaiian people through—

(A) the enactment of the Hawaiian Homes Commission Act, 1920 (42 Stat. 108 et seq.), which set aside approximately 200,000 acres of public lands that became known as Hawaiian Home Lands in the Territory of Hawaii that had been ceded to the United States for homesteading by Native Hawaiians in order to rehabilitate a landless and dying people;

(B) the enactment of the Act entitled “An Act to provide for the admission of the State of Hawaii into the Union”, approved March 18, 1959 (73 Stat. 4)—

(i) by ceding to the State of Hawaii title to the public lands formerly held by the United States, and mandating that those lands be held in public trust, for the betterment of the conditions of Native Hawaiians, as that term is defined in section 201 of the Hawaiian Homes Commission Act, 1920 (42 Stat. 108 et seq.); and

(ii) by transferring the United States responsibility for the administration of Hawaiian Home Lands to the State of Hawaii, but retaining the authority to enforce the trust, including the exclusive right of the United States to consent to any actions affecting the lands which comprise the corpus of the trust and any amendments to the Hawaiian Homes Commission Act, 1920 (42 Stat. 108 et seq.), enacted by the legislature of the State of Hawaii affecting the rights of beneficiaries under the Act;

(C) the authorization of mortgage loans insured by the Federal Housing Administration for the purchase, construction, or refinancing of homes on Hawaiian Home Lands under the Act of June 27, 1934 (commonly referred to as the “National Housing Act” (42 Stat. 1246 et seq., chapter 847; 12 U.S.C. 1701 et seq.));

(D) authorizing Native Hawaiian representation on the National Commission on American Indian, Alaska Native, and Native Hawaiian Housing under Public Law 101-235;

(E) the inclusion of Native Hawaiians in the definition under section 3764 of title 38, United States Code, applicable to subchapter V of chapter 37 of title 38, United States Code (relating to a housing loan program for Native American veterans); and

(F) the enactment of the Hawaiian Home Lands Recovery Act (109 Stat. 357; 48 U.S.C. 491, note prec.)

which establishes a process for the conveyance of Federal lands to the Department of Hawaiian Homes Lands that are equivalent in value to lands acquired by the United States from the Hawaiian Home Lands inventory.

Torres-Martinez
Desert Cahuilla
Indians Claims
Settlement Act.

TITLE VI—TORRES-MARTINEZ DESERT CAHUILLA INDIANS CLAIMS SETTLEMENT

25 USC 1778
note.

SEC. 601. SHORT TITLE.

This title may be cited as the “Torres-Martinez Desert Cahuilla Indians Claims Settlement Act”.

25 USC 1778.

SEC. 602. CONGRESSIONAL FINDINGS AND PURPOSE.

(a) FINDINGS.—The Congress finds the following:

(1) In 1876, the Torres-Martinez Indian Reservation was created, reserving a single, 640-acre section of land in the Coachella Valley, California, north of the Salton Sink. The Reservation was expanded in 1891 by Executive order, pursuant to the Mission Indian Relief Act of 1891, adding about 12,000 acres to the original 640-acre reservation.

(2) Between 1905 and 1907, flood waters of the Colorado River filled the Salton Sink, creating the Salton Sea, inundating approximately 2,000 acres of the 1891 reservation lands.

(3) In 1909, an additional 12,000 acres of land, 9,000 of which were then submerged under the Salton Sea, were added to the reservation under a Secretarial Order issued pursuant to a 1907 amendment of the Mission Indian Relief Act. Due to receding water levels in the Salton Sea through the process of evaporation, at the time of the 1909 enlargement of the reservation, there were some expectations that the Salton Sea would recede within a period of 25 years.

(4) Through the present day, the majority of the lands added to the reservation in 1909 remain inundated due in part to the flowage of natural runoff and drainage water from the irrigation systems of the Imperial, Coachella, and Mexicali Valleys into the Salton Sea.

(5) In addition to those lands that are inundated, there are also tribal and individual Indian lands located on the perimeter of the Salton Sea that are not currently irrigable due to lack of proper drainage.

(6) In 1982, the United States brought an action in trespass entitled “United States of America, in its own right and on behalf of Torres-Martinez Band of Mission Indians and the Allottees therein v. the Imperial Irrigation District and Coachella Valley Water District”, Case No. 82-1790 K (M) (hereafter in this section referred to as the “U.S. Suit”) on behalf of the Torres-Martinez Indian Tribe and affected Indian allottees against the two water districts seeking damages related to the inundation of tribal- and allottee-owned lands and injunctive relief to prevent future discharge of water on such lands.

(7) On August 20, 1992, the Federal District Court for the Southern District of California entered a judgment in the U.S. Suit requiring the Coachella Valley Water District to pay \$212,908.41 in past and future damages and the Imperial Irrigation District to pay \$2,795,694.33 in past and future damages in lieu of the United States request for a permanent injunction against continued flooding of the submerged lands.

(8) The United States, the Coachella Valley Water District, and the Imperial Irrigation District have filed notices of appeal with the United States Court of Appeals for the Ninth Circuit from the district court’s judgment in the U.S. Suit (Nos. 93-55389, 93-55398, and 93-55402), and the Tribe has filed a notice of appeal from the district court’s denial of its motion to intervene as a matter of right (No. 92-55129).

(9) The Court of Appeals for the Ninth Circuit has stayed further action on the appeals pending the outcome of settlement negotiations.

(10) In 1991, the Tribe brought its own lawsuit, *Torres-Martinez Desert Cahuilla Indians, et al., v. Imperial Irrigation District, et al.*, Case No. 91-1670 J (LSP) (hereafter in this section referred to as the “Indian Suit”) in the United States District Court, Southern District of California, against the two water districts, and amended the complaint to include as a plaintiff, Mary Resvaloso, in her own right, and as class representative of all other affected Indian allotment owners.

(11) The Indian Suit has been stayed by the district court to facilitate settlement negotiations.

(b) PURPOSE.—The purpose of this title is to facilitate and implement the settlement agreement negotiated and executed by the parties to the U.S. Suit and Indian Suit for the purpose of resolving their conflicting claims to their mutual satisfaction and in the public interest.

TITLE XII—NAVAJO NATION TRUST LAND LEASING

Navajo Nation
Trust Land
Leasing Act of
2000.

SEC. 1201. SHORT TITLE.

This title may be cited as the “Navajo Nation Trust Land Leasing Act of 2000”.

25 USC 415 note.

SEC. 1202. CONGRESSIONAL FINDINGS AND DECLARATION OF PURPOSES.

25 USC 415 note.

(a) **FINDINGS.**—Recognizing the special relationship between the United States and the Navajo Nation and its members, and the Federal responsibility to the Navajo people, Congress finds that—

(1) the third clause of section 8, Article I of the United States Constitution provides that “The Congress shall have Power * * * to regulate Commerce * * * with Indian tribes”, and, through this and other constitutional authority, Congress has plenary power over Indian affairs;

(2) Congress, through statutes, treaties, and the general course of dealing with Indian tribes, has assumed the responsibility for the protection and preservation of Indian tribes and their resources;

(3) the United States has a trust obligation to guard and preserve the sovereignty of Indian tribes in order to foster strong tribal governments, Indian self-determination, and economic self-sufficiency;

(4) pursuant to the first section of the Act of August 9, 1955 (25 U.S.C. 415), Congress conferred upon the Secretary of the Interior the power to promulgate regulations governing tribal leases and to approve tribal leases for tribes according to regulations promulgated by the Secretary;

(5) the Secretary of the Interior has promulgated the regulations described in paragraph (4) at part 162 of title 25, Code of Federal Regulations;

(6) the requirement that the Secretary approve leases for the development of Navajo trust lands has added a level of review and regulation that does not apply to the development of non-Indian land; and

(7) in the global economy of the 21st Century, it is crucial that individual leases of Navajo trust lands not be subject to Secretarial approval and that the Navajo Nation be able to make immediate decisions over the use of Navajo trust lands.

(b) **PURPOSES.**—The purposes of this title are as follows:

(1) To establish a streamlined process for the Navajo Nation to lease trust lands without having to obtain the approval of the Secretary of the Interior for individual leases, except

leases for exploration, development, or extraction of any mineral resources.

(2) To authorize the Navajo Nation, pursuant to tribal regulations, which must be approved by the Secretary, to lease Navajo trust lands without the approval of the Secretary of the Interior for the individual leases, except leases for exploration, development, or extraction of any mineral resources.

(3) To revitalize the distressed Navajo Reservation by promoting political self-determination, and encouraging economic self-sufficiency, including economic development that increases productivity and the standard of living for members of the Navajo Nation.

(4) To maintain, strengthen, and protect the Navajo Nation's leasing power over Navajo trust lands.

(5) To ensure that the United States is faithfully executing its trust obligation to the Navajo Nation by maintaining Federal supervision through oversight of and record keeping related to leases of Navajo Nation tribal trust lands.

SEC. 1203. LEASE OF RESTRICTED LANDS FOR THE NAVAJO NATION.

The first section of the Act of August 9, 1955 (25 U.S.C. 415) is amended—

(1) in subsection (d)—

(A) in paragraph (1), by striking “and” at the end;

(B) in paragraph (2), by striking the period and inserting a semicolon; and

(C) by adding at the end the following:

“(3) the term ‘individually owned Navajo Indian allotted land’ means a single parcel of land that—

“(A) is located within the jurisdiction of the Navajo Nation;

“(B) is held in trust or restricted status by the United States for the benefit of Navajo Indians or members of another Indian tribe; and

“(C) was—

“(i) allotted to a Navajo Indian; or

“(ii) taken into trust or restricted status by the United States for an individual Indian;

“(4) the term ‘interested party’ means an Indian or non-Indian individual or corporation, or tribal or non-tribal government whose interests could be adversely affected by a tribal trust land leasing decision made by the Navajo Nation;

“(5) the term ‘Navajo Nation’ means the Navajo Nation government that is in existence on the date of enactment of this Act or its successor;

“(6) the term ‘petition’ means a written request submitted to the Secretary for the review of an action (or inaction) of the Navajo Nation that is claimed to be in violation of the approved tribal leasing regulations;

“(7) the term ‘Secretary’ means the Secretary of the Interior; and

“(8) the term ‘tribal regulations’ means the Navajo Nation regulations enacted in accordance with Navajo Nation law and approved by the Secretary.”; and

(2) by adding at the end the following:

“(e)(1) Any leases by the Navajo Nation for purposes authorized under subsection (a), and any amendments thereto, except a lease

for the exploration, development, or extraction of any mineral resources, shall not require the approval of the Secretary if the lease is executed under the tribal regulations approved by the Secretary under this subsection and the term of the lease does not exceed—

“(A) in the case of a business or agricultural lease, 25 years, except that any such lease may include an option to renew for up to two additional terms, each of which may not exceed 25 years; and

“(B) in the case of a lease for public, religious, educational, recreational, or residential purposes, 75 years if such a term is provided for by the Navajo Nation through the promulgation of regulations.

Subtitle B—Native Hawaiian Housing

Hawaiian
Homelands
Homeownership
Act of 2000.
25 USC 4101
note.

SEC. 511. SHORT TITLE.

This subtitle may be cited as the “Hawaiian Homelands Homeownership Act of 2000”.

SEC. 512. FINDINGS.

The Congress finds that—

(1) the United States has undertaken a responsibility to promote the general welfare of the United States by—

(A) employing its resources to remedy the unsafe and unsanitary housing conditions and the acute shortage of decent, safe, and sanitary dwellings for families of lower income; and

(B) developing effective partnerships with governmental and private entities to accomplish the objectives referred to in subparagraph (A);

(2) the United States has a special responsibility for the welfare of the Native peoples of the United States, including Native Hawaiians;

(3) pursuant to the provisions of the Hawaiian Homes Commission Act, 1920 (42 Stat. 108 et seq.), the United States set aside 200,000 acres of land in the Federal territory that later became the State of Hawaii in order to establish a homeland for the native people of Hawaii—Native Hawaiians;

(4) despite the intent of Congress in 1920 to address the housing needs of Native Hawaiians through the enactment of the Hawaiian Homes Commission Act, 1920 (42 Stat. 108 et seq.), Native Hawaiians eligible to reside on the Hawaiian home lands have been foreclosed from participating in Federal housing assistance programs available to all other eligible families in the United States;

25 USC 4221
note.

(5) although Federal housing assistance programs have been administered on a racially neutral basis in the State of Hawaii, Native Hawaiians continue to have the greatest unmet need for housing and the highest rates of overcrowding in the United States;

(6) among the Native American population of the United States, Native Hawaiians experience the highest percentage of housing problems in the United States, as the percentage—

(A) of housing problems in the Native Hawaiian population is 49 percent, as compared to—

(i) 44 percent for American Indian and Alaska Native households in Indian country; and

(ii) 27 percent for all other households in the United States; and

(B) overcrowding in the Native Hawaiian population is 36 percent as compared to 3 percent for all other households in the United States;

(7) among the Native Hawaiian population, the needs of Native Hawaiians, as that term is defined in section 801 of the Native American Housing Assistance and Self-Determination Act of 1996 (as added by this subtitle), eligible to reside on the Hawaiian Home Lands are the most severe, as—

(A) the percentage of overcrowding in Native Hawaiian households on the Hawaiian Home Lands is 36 percent; and

(B) approximately 13,000 Native Hawaiians, which constitute 95 percent of the Native Hawaiians who are eligible to reside on the Hawaiian Home Lands, are in need of housing;

(8) applying the Department of Housing and Urban Development guidelines—

(A) 70.8 percent of Native Hawaiians who either reside or who are eligible to reside on the Hawaiian Home Lands have incomes that fall below the median family income; and

(B) 50 percent of Native Hawaiians who either reside or who are eligible to reside on the Hawaiian Home Lands have incomes below 30 percent of the median family income;

(9) one-third of those Native Hawaiians who are eligible to reside on the Hawaiian Home Lands pay more than 30 percent of their income for shelter, and one-half of those Native Hawaiians face overcrowding;

(10) the extraordinarily severe housing needs of Native Hawaiians demonstrate that Native Hawaiians who either reside on, or are eligible to reside on, Hawaiian Home Lands have been denied equal access to Federal low-income housing assistance programs available to other qualified residents of the United States, and that a more effective means of addressing their housing needs must be authorized;

(11) consistent with the recommendations of the National Commission on American Indian, Alaska Native, and Native Hawaiian Housing, and in order to address the continuing prevalence of extraordinarily severe housing needs among Native Hawaiians who either reside or are eligible to reside on the Hawaiian Home Lands, Congress finds it necessary to extend the Federal low-income housing assistance available

to American Indians and Alaska Natives under the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4101 et seq.) to those Native Hawaiians;

(12) under the treatymaking power of the United States, Congress had the constitutional authority to confirm a treaty between the United States and the government that represented the Hawaiian people, and from 1826 until 1893, the United States recognized the independence of the Kingdom of Hawaii, extended full diplomatic recognition to the Hawaiian Government, and entered into treaties and conventions with the Hawaiian monarchs to govern commerce and navigation in 1826, 1842, 1849, 1875, and 1887;

(13) the United States has recognized and reaffirmed that—

(A) Native Hawaiians have a cultural, historic, and land-based link to the indigenous people who exercised sovereignty over the Hawaiian Islands, and that group has never relinquished its claims to sovereignty or its sovereign lands;

(B) Congress does not extend services to Native Hawaiians because of their race, but because of their unique status as the indigenous people of a once sovereign nation as to whom the United States has established a trust relationship;

(C) Congress has also delegated broad authority to administer a portion of the Federal trust responsibility to the State of Hawaii;

(D) the political status of Native Hawaiians is comparable to that of American Indians and Alaska Natives; and

(E) the aboriginal, indigenous people of the United States have—

(i) a continuing right to autonomy in their internal affairs; and

(ii) an ongoing right of self-determination and self-governance that has never been extinguished;

(14) the political relationship between the United States and the Native Hawaiian people has been recognized and reaffirmed by the United States as evidenced by the inclusion of Native Hawaiians in—

(A) the Native American Programs Act of 1974 (42 U.S.C. 2291 et seq.);

(B) the American Indian Religious Freedom Act (42 U.S.C. 1996 et seq.);

(C) the National Museum of the American Indian Act (20 U.S.C. 80q et seq.);

(D) the Native American Graves Protection and Repatriation Act (25 U.S.C. 3001 et seq.);

(E) the National Historic Preservation Act (16 U.S.C. 470 et seq.);

(F) the Native American Languages Act of 1992 (106 Stat. 3434);

(G) the American Indian, Alaska Native and Native Hawaiian Culture and Arts Development Act (20 U.S.C. 4401 et seq.);

(H) the Job Training Partnership Act (29 U.S.C. 1501 et seq.); and

(I) the Older Americans Act of 1965 (42 U.S.C. 3001 et seq.); and

(15) in the area of housing, the United States has recognized and reaffirmed the political relationship with the Native Hawaiian people through—

(A) the enactment of the Hawaiian Homes Commission Act, 1920 (42 Stat. 108 et seq.), which set aside approximately 200,000 acres of public lands that became known as Hawaiian Home Lands in the Territory of Hawaii that had been ceded to the United States for homesteading by Native Hawaiians in order to rehabilitate a landless and dying people;

(B) the enactment of the Act entitled “An Act to provide for the admission of the State of Hawaii into the Union”, approved March 18, 1959 (73 Stat. 4)—

(i) by ceding to the State of Hawaii title to the public lands formerly held by the United States, and mandating that those lands be held in public trust, for the betterment of the conditions of Native Hawaiians, as that term is defined in section 201 of the Hawaiian Homes Commission Act, 1920 (42 Stat. 108 et seq.); and

(ii) by transferring the United States responsibility for the administration of Hawaiian Home Lands to the State of Hawaii, but retaining the authority to enforce the trust, including the exclusive right of the United States to consent to any actions affecting the lands which comprise the corpus of the trust and any amendments to the Hawaiian Homes Commission Act, 1920 (42 Stat. 108 et seq.), enacted by the legislature of the State of Hawaii affecting the rights of beneficiaries under the Act;

(C) the authorization of mortgage loans insured by the Federal Housing Administration for the purchase, construction, or refinancing of homes on Hawaiian Home Lands under the National Housing Act (Public Law 479; 73d Congress; 12 U.S.C. 1701 et seq.);

(D) authorizing Native Hawaiian representation on the National Commission on American Indian, Alaska Native, and Native Hawaiian Housing under Public Law 101-235;

(E) the inclusion of Native Hawaiians in the definition under section 3764 of title 38, United States Code, applicable to subchapter V of chapter 37 of title 38, United States Code (relating to a housing loan program for Native American veterans); and

(F) the enactment of the Hawaiian Home Lands Recovery Act (109 Stat. 357; 48 U.S.C. 491, note prec.) which establishes a process for the conveyance of Federal lands to the Department of Hawaiian Homes Lands that are equivalent in value to lands acquired by the United States from the Hawaiian Home Lands inventory.

International
Malaria Control
Act of 2000.

SEC. 101. SHORT TITLE.

This title may be cited as the “International Malaria Control Act of 2000”.

22 USC 2151
note.

SEC. 102. FINDINGS.

Congress makes the following findings:

22 USC 2151b–1
note.

(1) The World Health Organization estimates that there are 300,000,000 to 500,000,000 cases of malaria each year.

(2) According to the World Health Organization, more than 1,000,000 persons are estimated to die due to malaria each year.

(3) According to the National Institutes of Health, about 40 percent of the world’s population is at risk of becoming infected.

(4) About half of those who die each year from malaria are children under 9 years of age.

(5) Malaria kills one child each 30 seconds.

(6) Although malaria is a public health problem in more than 90 countries, more than 90 percent of all malaria cases are in sub-Saharan Africa.

(7) In addition to Africa, large areas of Central and South America, Haiti and the Dominican Republic, the Indian sub-continent, Southeast Asia, and the Middle East are high risk malaria areas.

(8) These high risk areas represent many of the world’s poorest nations.

(9) Malaria is particularly dangerous during pregnancy. The disease causes severe anemia and is a major factor contributing to maternal deaths in malaria endemic regions.

(10) “Airport malaria”, the importing of malaria by international aircraft and other conveyances, is becoming more common, and the United Kingdom reported 2,364 cases of malaria in 1997, all of them imported by travelers.

(11) In the United States, of the 1,400 cases of malaria reported to the Centers for Disease Control and Prevention in 1998, the vast majority were imported.

(12) Between 1970 and 1997, the malaria infection rate in the United States increased by about 40 percent.

(13) Malaria is caused by a single-cell parasite that is spread to humans by mosquitoes.

(14) No vaccine is available and treatment is hampered by development of drug-resistant parasites and insecticide-resistant mosquitoes.

SEC. 103. ASSISTANCE FOR MALARIA PREVENTION, TREATMENT, CONTROL, AND ELIMINATION.

22 USC 6901
note.

TITLE II—POLICY OF THE UNITED STATES WITH RESPECT TO MACAU

SEC. 201. SHORT TITLE.

This title may be cited as the “United States-Macau Policy Act of 2000”.

SEC. 202. FINDINGS AND DECLARATIONS; SENSE OF CONGRESS.

(a) **FINDINGS AND DECLARATIONS.**—Congress makes the following findings and declarations:

(1) The continued economic prosperity of Macau furthers United States interests in the People’s Republic of China and Asia.

(2) Support for democratization is a fundamental principle of United States foreign policy, and as such, that principle naturally applies to United States policy toward Macau.

(3) The human rights of the people of Macau are of great importance to the United States and are directly relevant to United States interests in Macau.

(4) A fully successful transition in the exercise of sovereignty over Macau must continue to safeguard human rights in and of themselves.

(5) Human rights also serve as a basis for Macau’s continued economic prosperity, and Congress takes note of Macau’s adherence to the International Covenant on Civil and Political Rights and the International Convention on Economic, Social, and Cultural Rights.

(b) **SENSE OF CONGRESS.**—It is the sense of Congress that—

(1) the United States should play an active role in maintaining Macau's confidence and prosperity, Macau's unique cultural heritage, and the mutually beneficial ties between the people of the United States and the people of Macau;

(2) through its policies, the United States should contribute to Macau's ability to maintain a high degree of autonomy in matters other than defense and foreign affairs as promised by the People's Republic of China and the Republic of Portugal in the Joint Declaration, particularly with respect to such matters as trade, commerce, law enforcement, finance, monetary policy, aviation, shipping, communications, tourism, cultural affairs, sports, and participation in international organizations, consistent with the national security and other interests of the United States; and

(3) the United States should actively seek to establish and expand direct bilateral ties and agreements with Macau in economic, trade, financial, monetary, mutual legal assistance, law enforcement, communication, transportation, and other appropriate areas.

SEC. 203. CONTINUED APPLICATION OF UNITED STATES LAW.

(a) CONTINUED APPLICATION.—

(1) IN GENERAL.—Notwithstanding any change in the exercise of sovereignty over Macau, and subject to subsections (b) and (c), the laws of the United States shall continue to apply with respect to Macau in the same manner as the laws of the United States were applied with respect to Macau before December 20, 1999, unless otherwise expressly provided by law or by Executive order issued pursuant to paragraph (2).

(2) EXCEPTION.—Whenever the President determines that Macau is not sufficiently autonomous to justify treatment under a particular law of the United States, or any provision thereof, different from that accorded the People's Republic of China, the President may issue an Executive order suspending the application of paragraph (1) to such law or provision of law. The President shall promptly notify the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate concerning any such determination and shall publish the Executive order in the Federal Register.

President.

(b) EXPORT CONTROLS.—

(1) IN GENERAL.—The export control laws, regulations, and practices of the United States shall apply to Macau in the same manner and to the same extent that such laws, regulations, and practices apply to the People's Republic of China, and in no case shall such laws, regulations, and practices be applied less restrictively to exports to Macau than to exports to the People's Republic of China.

(2) RULE OF CONSTRUCTION.—Paragraph (1) shall not be construed as prohibiting the provision of export control assistance to Macau.

(c) INTERNATIONAL AGREEMENTS.—

(1) IN GENERAL.—Subject to subsection (b) and paragraph (2), for all purposes, including actions in any court of the United States, Congress approves of the continuation in force after December 20, 1999, of all treaties and other international agreements, including multilateral conventions, entered into

before such date between the United States and Macau, or entered into force before such date between the United States and the Republic of Portugal and applied to Macau, unless or until terminated in accordance with law.

President.
Notification.

(2) EXCEPTION.—If, in carrying out this subsection, the President determines that Macau is not legally competent to carry out its obligations under any such treaty or other international agreement, or that the continuation of Macau's obligations or rights under any such treaty or other international agreement is not appropriate under the circumstances, the President shall take appropriate action to modify or terminate such treaty or other international agreement. The President shall promptly notify the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate concerning such determination.

SEC. 204. REPORTING REQUIREMENT.

49 USC note
prec. 28101.

SEC. 301. SHORT TITLE.

This title may be cited as the “Rails to Resources Act of 2000”.

SEC. 302. FINDINGS.

Congress finds that—

(1) rail transportation is an essential component of the North American intermodal transportation system;

(2) the development of economically strong and socially stable communities in the western United States and Canada was encouraged significantly by government policies promoting the development of integrated transcontinental, interstate and interprovincial rail systems in the States, territories and provinces of the two countries;

(3) United States and Canadian federal support for the completion of new elements of the transcontinental, interstate and interprovincial rail systems was halted before rail connections were established to the State of Alaska and the Yukon Territory;

(4) rail transportation in otherwise isolated areas facilitates controlled access and may reduce overall impact to environmentally sensitive areas;

(5) the extension of the continental rail system through northern British Columbia and the Yukon Territory to the current terminus of the Alaska Railroad would significantly benefit the United States and Canadian visitor industries by facilitating the comfortable movement of passengers over long distances while minimizing effects on the surrounding areas; and

(6) ongoing research and development efforts in the rail industry continue to increase the efficiency of rail transportation, ensure safety, and decrease the impact of rail service on the environment.

SEC. 303. AGREEMENT FOR A UNITED STATES-CANADA BILATERAL COMMISSION.

The President is authorized and urged to enter into an agreement with the Government of Canada to establish an independent joint commission to study the feasibility and advisability of linking the rail system in Alaska to the nearest appropriate point on the North American continental rail system.

(B) a broad range of expertise in areas of knowledge that are relevant to the significant issues to be considered by the Commission, including economics, engineering, management of resources, social sciences, fish and game management, environmental sciences, and transportation.

President.

(1) IN GENERAL.—The Agreement should provide for the appointment of a staff and an executive director to be the head of the staff.

(2) COMPENSATION.—Funds made available for the Commission by the United States may be used to pay the compensation of the executive director and other personnel at rates fixed by the Commission that are not in excess of the rate payable for level V of the Executive Schedule under section 5316 of title 5, United States Code.

In the case of any contract for the services of an individual, funds made available for the Commission by the United States may not be used to pay for the services of the individual at a rate that exceeds the daily equivalent of the annual rate of basic pay prescribed for level V of the Executive Schedule under section 5316 of title 5, United States Code.

(2) SPECIFIC ISSUES.—The Agreement should provide for the study and assessment to include the consideration of the following issues:

Public Law 106–580
106th Congress

An Act

Dec. 29, 2000
[H.R. 1795]

To amend the Public Health Service Act to establish the National Institute of Biomedical Imaging and Bioengineering.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

National
Institute of
Biomedical
Imaging and
Bioengineering
Establishment
Act.
42 USC 201 note.
42 USC 285r
note.

SECTION 1. SHORT TITLE.

This Act may be cited as the “National Institute of Biomedical Imaging and Bioengineering Establishment Act”.

SEC. 2. FINDINGS.

The Congress makes the following findings:

(1) Basic research in imaging, bioengineering, computer science, informatics, and related fields is critical to improving health care but is fundamentally different from the research in molecular biology on which the current national research institutes at the National Institutes of Health (“NIH”) are based. To ensure the development of new techniques and technologies for the 21st century, these disciplines therefore require an identity and research home at the NIH that is independent of the existing institute structure.

(2) Advances based on medical research promise new, more effective treatments for a wide variety of diseases, but the development of new, noninvasive imaging techniques for earlier detection and diagnosis of disease is essential to take full advantage of such new treatments and to promote the general improvement of health care.

(3) The development of advanced genetic and molecular imaging techniques is necessary to continue the current rapid pace of discovery in molecular biology.

(4) Advances in telemedicine, and teleradiology in particular, are increasingly important in the delivery of high quality, reliable medical care to rural citizens and other underserved populations. To fulfill the promise of telemedicine and related technologies fully, a structure is needed at the NIH to support basic research focused on the acquisition, transmission, processing, and optimal display of images.

(5) A number of Federal departments and agencies support imaging and engineering research with potential medical applications, but a central coordinating body, preferably housed at the NIH, is needed to coordinate these disparate efforts and facilitate the transfer of technologies with medical applications.

(6) Several breakthrough imaging technologies, including magnetic resonance imaging (“MRI”) and computed tomography

(“CT”), have been developed primarily abroad, in large part because of the absence of a home at the NIH for basic research in imaging and related fields. The establishment of a central focus for imaging and bioengineering research at the NIH would promote both scientific advance and United States economic development.

(7) At a time when a consensus exists to add significant resources to the NIH in coming years, it is appropriate to modernize the structure of the NIH to ensure that research dollars are expended more effectively and efficiently and that the fields of medical science that have contributed the most to the detection, diagnosis, and treatment of disease in recent years receive appropriate emphasis.

(8) The establishment of a National Institute of Biomedical Imaging and Bioengineering at the NIH would accelerate the development of new technologies with clinical and research applications, improve coordination and efficiency at the NIH and throughout the Federal Government, reduce duplication and waste, lay the foundation for a new medical information age, promote economic development, and provide a structure to train the young researchers who will make the pathbreaking discoveries of the next century.

SEC. 3. ESTABLISHMENT OF NATIONAL INSTITUTE OF BIOMEDICAL IMAGING AND BIOENGINEERING.

(a) **IN GENERAL.**—Part C of title IV of the Public Health Service Act (42 U.S.C. 285 et seq.) is amended by adding at the end the following subpart:

“(B) For each of the fiscal years 2002 and 2003, there is authorized to be appropriated an amount equal to the amount

appropriated under subparagraph (A) for fiscal year 2001, except that such amount shall be adjusted for the fiscal year involved to offset any inflation occurring after October 1, 2000.

“(2) The authorization of appropriations for a fiscal year under paragraph (1) is hereby reduced by the amount of any appropriation made for such year for the conduct or support by any other national research institute of any program with respect to biomedical imaging and bioengineering.”.

(b) **USE OF EXISTING RESOURCES.**—In providing for the establishment of the National Institute of Biomedical Imaging and Bioengineering pursuant to the amendment made by subsection (a), the Director of the National Institutes of Health (referred to in this subsection as “NIH”)—
